Pontoon rd. At Rt. 3 To Close Tuesday

Installation of Great River Road Connection To Take Four Weeks

West Pontoon road will be closed at its intersection with State Route 3 next Tuesday to permit construction of intersecting connections of FA Route 151 (The Great River Road) with Route 3. It was announced today by Robert E. Kronst, district engineer of the Illinois Highway Department at French Village.

Kronst said Pontoon road will be closed for about 500 feet east of Route 3 for about four weeks, assuming there are no longer delays caused by bad weather. Tuesday's closing date also depends upon the weather, Kronst said, since heavy rain between now and Wednesday would delay the beginning of construction.

Northbound traffic on Route 3 will be detoured over the northern section of the recently completed paving of Route 151, Kronst said. There will be no travel on the south section of Route 151.

To Raise Grade
Installation of the connecting intersection of Route 151 at Route 3 and West Pontoon road will involve raising the road grade by two to three feet for a stretch of about 400 feet, Kronst said.

Construction of Route 151 between the point north of Pontoon road to Niederkas avenue in Granite City is nearing completion by the Sangamon Construction Co. of Springfield which began work under contract with the state highway department early in 1968.

The new stretch of highway is expected to be completed and ready for opening by the end of this year, although this timetable also is subject to weather conditions during the fall season.

Classes Until June 11 Are Scheduled in GC District

The Granite City school board Monday night established a Sept. 15-June 11 calendar which calls for school attendance through Dec. 23 and on Dec. 28, 29 and 30 and Jan. 2.

Five days are available to offset adverse weather, to observe national mourning, to shorten the period of attendance in June, or to lengthen any of the holiday periods. Use of the five days was not decided, but all are expected to be utilized in some fashion.

The calendar lists as holidays Veterans Day Nov. 11; Thanksgiving Nov. 27-28; Lincoln's birthday Feb. 12, an institute meeting March 25 and Good Friday March 27, plus Christmas Eve and New Year's Eve and Day.

High school basketball players are scheduled to take part in the Pontiac Christmas holiday tournament but could be excused from classes.

A more serious problem may be the Granite City invitational holiday wrestling tournament, Dec. 29-30, when athletes from visiting schools are to dine in the cafeteria and take part in gymnasium wrestling bouts open to the public.

The first semester is to end Jan. 30. Report cards are to go out Jan. 30, Jan. 31, April 1 and June 11.

Board members informally reviewed school finances, noting that a public hearing, final budget action and tax levy adoption are scheduled for 7:30 p.m. Monday, Sept. 29.

Plans were made to honor Band Parents and Warrior Boosters at plaque ceremonies at the GCHS football game tomorrow night. Both groups have constructed buildings which are in use at the stadium.

5 Undergo Surgery At Local Hospital

The following are recovering at St. Elizabeth Hospital from surgery which they underwent since Monday:

Fred W. Rodotz, Rural Route One; David Harper, 2600 Ivy lane; Opal Wilson, 117 Trocadero lane; Lawrence Wyatt, 2304 Benton street; Virginia Curtis, 2412 Cleveland blvd.

Bill Payment, Fee Suit Spark Nameoki Board Meeting

A highly controversial bill for \$2254 owed by Nameoki township to a St. Louis firm for mosquito spray spraying which the town board had voted not to pay—was paid in full with a township check signed by Harry Briggs under date of Aug. 4, it was revealed during a regular town board meeting Monday night.

The disclosure was made by Town Auditor Robert Beedle, who asserted the payment was made by Briggs without the knowledge of any of the town board members and in opposition to the board's decision last May that the township refuse to pay the bill for the chemical spray because the price was too high.

At the same time, Town Clerk Louis Whitsell charged that Mrs. Dorothy Neminger, office secretary at the Nameoki township hall, had delayed posting the check issued by Briggs in township books until after it had cleared the bank. Therefore, he said, town board mem-

Con-Con Voting Lightest On Record

Four Nominated for Run-Off; Only 7% of Voters Go to Polls

In one of the lightest votes on record in a district-wide election, voters of the 53rd Senatorial District—which includes the Quad-Cities—nominated four delegates to the Illinois Constitutional convention Tuesday.

Winning the nominations from a field of nine candidates were Wendell Durr, Edwardsville; Mrs. Doreen Young, Alton; Ray Johnsen, Troy; and Lucien B. Ringering, Wood River, who carried the balloting in that order in the district-wide vote totals.

On the basis of unofficial returns, Durr polled 3750 votes in the 149 precincts of the ten-township 53rd Senatorial district to lead his nearest opponent, Mrs. Young, by 732 votes. Mrs. Young polled 3018 votes.

Johnsen received the third highest vote—a district total of 2915—while Ringering trailed behind Johnson by 732 votes with a total tally of 2181.

O'Neill Places Fifth
Running in fifth place was Dan O'Neill, Alton, with 1916 votes. Unofficial returns for other candidates showed: Blotz, York, Edwardsville, 1581; Victor L. Darnell, Edwardsville, 1214; Alan Franz, Edwardsville, 435; and Charles Michael Meador, Granite City, 104.

Meador, the only candidate from the Quad-City area, announced his withdrawal from the delegate campaign two weeks ago.

The four nominees chosen in Tuesday's balloting will be subject to a run-off election Nov. 18 in which two delegates to the constitutional convention will be elected. Each of the state's 58 senatorial districts also will elect two delegates on that date.

Voting results in the Quad-Cities did not conform entirely with district totals, although the candidates declared nominated did poll majority votes in the Quad-City area.

Balloting in the 58 precincts of Granite City, Nameoki, Venice and Chouteau townships, which are in the first place, but carried Ringering in the second spot, Mrs. Young in third place and gave the fourth highest vote to O'Neill. Johnson placed fifth in the Quad-City balloting.

The first light vote in the 32 precincts of Granite City—only 128 ballots cast—was led by Durr with 343 votes.

This was only two more votes than the 341 total given Durr. Johnson ran third in Granite City with 283 votes, and Darnell placed fourth with 283 votes.

Mrs. Young also headed the vote in the four precincts of Chouteau township where she received 122 votes to 102 for Durr.

6 WITHOUT A TRAFFIC FATALITY

In the May meeting the new town board pointed out that the ordinance resolution used by the township for mosquito spraying had been purchased from Bonnie Chem Spec. Co. at a price of \$10.20 per gallon by the previous town board. A study of prices had revealed that prices ranging from \$3.83 to \$4.95 per gallon, board members said.

Some Spray Used
Whitsell pointed out in the May meeting that the total bill owed Bonnie Chem Spec. Co. was \$2254. He said that a small amount of the spray chemical had been used by the township and that this would be paid for. He said this would leave about \$2000 of the bill which the township would not pay.

In Monday night's meeting, Beedle, in revealing that the check had been paid, said that when the chemical spray was returned to the chemical company, the firm refused to

ANXIOUSLY AWAITING the opening of this weekend's United Fun Fair at the Wilson Park rink-pavilion are Mrs. Judy Whitaker of the park office staff (left) and Mrs. Elinor Null, a downtown office worker, laden with balloons and popcorn. The Fun Fair opens Saturday.

'United Fun Fair' this Weekend at Park

"Fun for Everyone" with free gifts and souvenirs as well as live entertainment will be featured for two days—Saturday and Sunday—at the United Fun Fair in the Wilson Park rink pavilion, and there will be 53 fun booths inside the pavilion.

Grown at the booths will provide live activities for all ages, from fish ponds for smaller youngsters, to foot races with trophy awards. Others will feature target games, a dunking booth and sales of candy, cake and items ranging from old phonograph records to "gimmicks."

Howard Kautsberg, Fun Fair ringmaster, and Leo Konzen, campaign chairman, pointed out today that all gifts and souvenirs have been donated, and all proceeds from ticket sales and booth receipts will go to the United Fund and its 19 participating agencies.

Special entertainment will include the Marx Brothers comedy to perform from 3 to 4 p.m. on Saturday and 3 to 3 p.m. Sunday.

The Eagles Auxiliary Kitchen Band on Sunday from 7 to 7:30 p.m.

The Checkerboard Squares on Saturday from 8 to 8:30 p.m.

The Mexican Honorary Commission's costume dancers, 6 to 7 Sunday.

The Indian Dancers of Explorer Post 6 on both days during the day and evening.

The Fairview Four barbershop quartet with State Senator Merrill Olmstead on Sunday from 1:30 to 2 p.m.

Television's Corky the Clown on Saturday from 2 to 4 p.m.

Outdoorsman George Carlson with a flycasting exhibition on Saturday from 3 to 3 p.m.

Oscar the Clown, a local entertainer, on Saturday from 5 to 7 p.m.

There will be exhibitions by the Granite City police department canine corps on Saturday from 7 to 8 p.m. and Sunday from 1:30 to 2 p.m.

R. J. Hildebrand, United Fun Fair treasurer, said today 51 tickets had been sold.

'Yule Mail Call' for Area Servicemen Again Offered
Regular mail over five pounds, not later than Nov. 8; space available mail under five pounds, to include greeting cards, not later than Nov. 30; parcel air-lift mail, not later than Nov. 29; and regular air mail of all weights, not later than Dec. 15.

Plans have not yet been announced for the air-lifting of gifts to servicemen in Vietnam, as sponsored by the Department in previous years.

To ensure accuracy, those submitting a serviceman's name to the Press-Record should include his rank, serial number and full address, including APO and FPO when applicable.

The information should be mailed to: Yule Mail Call, Press-Record, 1815 Delmar avenue, or brought to the newspaper office at the above address.

Persons contributing a name to the list are asked to identify themselves on the postal card, or letter, in the event verification of complex unit numbers is necessary.

The pre-Christmas service is available to military personnel stationed overseas and at home. If desired, the area of overseas service may be written in parentheses following the address. In the past three years, more than 1700 names and addresses of local servicemen and women have been published prior to the Christmas holidays.

Meeting Set Tonight On Sewer Problems

GC Council is Hopeful Of Method to Prevent Costly Sewer Breaks

Granite City council members are hopeful that a method to prevent sewer breaks will be forthcoming at a special meeting this evening, but have not yet found a source of funds for the Lynch avenue sanitary sewer line replacement.

The special meeting is with representatives of American Pipe Co., a firm that provides a method of sealing sewer lines from the inside to prevent infiltration of ground water and washouts at defective joints. The meeting will start at 7:30 p.m.

Council members backed down again Monday night in award of a contract for the Lynch avenue line replacement, which is estimated to cost \$100,000 to \$200,000. There was indication that new bids for a firm might be sought, to discard controversial cost-plus bids.

Both contractors, A. H. Seebold and G. H. Sternberg Co., aver their cost-plus bid proposal to be lower. City Engineer Kenneth Kleberger advised council members he applied the bids to the Lynch avenue sewer line job that has been completed and found Seebold to be slightly lower.

While no action was taken, it was brought out that City Atty. Scroggins is studying the possibility of a working cash fund to pay for the sewer line replacement.

The council in approving a tax levy last month refused to increase the tax rate for sewer maintenance from the present two-cent rate to a maximum of 10 cents, even though \$800,000 was budgeted for sewer maintenance.

The council also refused to increase the reserve funds in the Nameoki sanitary sewer system accounts could be used for repairs and replacement.

Mayor Parney replied that bonding house attorneys advised him, "somebody will go to jail if those funds are touched."

He added that he had hoped to secure funds from the levee district which installed sanitary sewers for the system from 1953-54, but that the city agreement with the district specifies that the district is responsible for maintenance with general funds.

No Levee District Help.
He added that he had hoped to secure funds from the levee district which installed sanitary sewers for the system from 1953-54, but that the city agreement with the district specifies that the district is responsible for maintenance with general funds.

Alderman Dawes called for award of the Lynch avenue sewer line replacement contract during Monday night's council session.

He stressed that residents of

October Draft Cut to 14 Men

In line with the lowering of draft quotas throughout the nation, the Madison county selective service office in Edwardsville was notified Tuesday of a reduction in the October draft call to 14 local men. The quota was notified Tuesday of a reduction in the October draft call to 14 local men. The quota was notified Tuesday of a reduction in the October draft call to 14 local men.

There is no change in the September draft call which includes 11 Quad-Cities who are to report for induction tomorrow.

A spokesman for the selective service office said authority was received Tuesday by the local board to cancel a portion of the October draft call for induction in October. Whether the remainder of the original 42 October draftees will be told to report for induction in November or December has not yet been determined, the official said.

The number of youths scheduled to report at the Edwardsville office for pre-draft physicals was not changed, it was learned.

Thirty-eight Quad-City youths will report for physical examinations tomorrow and the same number on Oct. 10. On the same date, 14 men will be inducted from the Quad-Cities, eight from Edwardsville and five from Alton, the spokesman announced.

Pictures of all booths will be taken by James Gitchoff of Hollywood-Andrews Studio for presentation to the sponsoring organizations. Klonzen said studio is donating time and equipment.

Jas. Greene, Retired Carpenter, Expires

James A. Greene, 62, a former Granite Cityan and member of Carpenters Local 838, died of a heart ailment Tuesday morning at Marietta, Ga., where he had moved recently after residing at Edwardsville for several years.

Mr. Greene, a native of Houston county, Tenn., was a member of the Carpenters Union here from 1943 to July 31, 1964, when he retired.

Survivors include his wife, Mrs. Lele E. Greene; two sons, James G. Greene of Oceanide, Calif., and Rodney R. Greene of Marietta; two daughters, Mrs. Betty Dennis of London, Ky., and Mrs. Bernice Roudy of Edwardsville; a brother, three sisters, 11 grandchildren and one great-grandchild.

Funeral services are to be conducted tomorrow afternoon at Erin, Tenn.

GC Man Leaves Tavern, Attacked by Two Men

Woodrow Tinker, 1921 Delmar avenue, was injured and hospitalized when he was attacked by two men as he, two friends and a bar maid left the Club Boundary, 15th and State streets, at 1:10 a.m. today.

He told police that he and his companions were ordered to stand still, that they "were covered." The two then started beating him with what he believed was a jack handle. His companions ran, with one going to the guard shack at General Steel Industries to call police.

Tinker was admitted to St. Elizabeth Hospital where he was taken by ambulance for observation. He suffered abrasions to both elbows and right knee, and the plates in his mouth were broken.

The victim said he had a little trouble earlier in the tavern.

Drives Wrong Way

Jack V. Patrick, 4140 Division street, was charged with driving the wrong way on a one-way street in the 2000 block of Edison avenue at 6:50 a.m. Wednesday.

MEORE ABOUT Meeting Set

The area had been greatly inconvenienced all summer, and that if work is not started soon, the problems will persist through the winter.

Several aldermen pointed out that it was unlikely any contractor would accept a contract award, knowing the city could not pay the bill.

Bonds May Be Forced Alderman Nann said there was a possibility the city could be forced into a bond issue for the line replacement by the state Board of Health. "They could cite us for an unsanitary condition, and then we'd have to proceed," Rutledge pointed out.

the city would encounter difficulties in selling the bonds because of interest limitations for municipalities.

"For the past 3 1/2 years, I've told you that you can't spend money on special improvements and still run the city," Rutledge said.

The former Finance committee chairman added, "You've spent over \$70,000 this year on sidewalks and streets and you can't recap that along with the wage increases granted this year. Employees will find out the city's financial problems when the city runs out of money before the first of the year."

"Our only hope is a working cash fund bond issue if the bonds can be sold—and then there will have to be a tax levy. It seems the only answer," Rutledge remarked.

"If money was brought to the city hall by the President's Fund, Rutledge continued, "you'd spend it all. We can't let a contract until we have the money."

Feasibility Study Funds

Mayor Partney said he was hopeful of obtaining federal funds for a feasibility study of sewer problems here. "I know we can't get money for repairs, but we may be able to get a federal grant for replacement of a sewer line—but not before next July."

Rutledge added, "It looks to me the President is shutting off federal funds."

Joining the hour-long discussion Alderman Everett Morlan suggested the \$11,000 reserve for a new fire truck be used for sewers.

Robertson commented that the street department needs a new grader and sweeper to save manpower. "But we can get by without a new fire truck."

Sidewalk Repairs Taking exception to Rutledge's remarks, Alderman Bat arch said sidewalk repairs would reduce the possibility of expensive lawsuits resulting from falls on broken pavements. "We're saving money that way, and we can't neglect the other three-fourths of town just because of the sewer breaks."

Alderman Whitemer complained that he was unable to understand the cost-plus bids for the sewer replacement. He said that he received a letter from Sternberg stating that his firm was the low bidder.

Engineer Kenneth Kieberger answered, "It depends on how you look at the bids. There are two ways, unknowns, and I found a 5% difference based on actual costs, favoring Seebold. In carrying out the work, the

Announcement of award presentations in the United Steelworkers Political Action Committee program was announced today at the local Subdistrict office of the top award going to Herbert Milton Jr. of Local 67 at Granite City Steel Co.

George Becker of the subdistrict office staff, chairman of the awards committee, said it was the third consecutive year in which Milton was the leader with ticket sales in excess of \$800.

Also participating in the recent banquet-ceremony, attended by 200 persons, were Buddy W. Davis, legislative director for the district; Thomas Griffin, subdistrict director, and Lloyd McBride, District 34 director.

Other award winners were Local 1063 at American Steel Foundries—Theodore Thomas, Archie White, Mitchell Aramowicz and Hugh Key.

Local 4804 at Dow Chemical Co.—Jack Perkins, Zimmerman, B. I. Apperson, Pete Senak and Robert Walkenbach.

Local 67, Granite City Steel—Edward Boyer.

Local 30, Granite City Steel—Alex Skubish and August Saccad.

Serving on the awards committee with Becker were Alex Skubish, Wade Campbell and Cletus Bedwell.

Parked Auto Struck

The right rear side of an auto owned by James A. Walker, 2241 Woodman avenue, parked at the Clark service station, 20th street and Madison avenue, was struck by a hit-and-run driver who was backing up at 8:40 p.m. Wednesday.

project engineer would control methods of operation and use of equipment to keep costs down."

The engineer added that to obtain firm bids would result in high figures to cover costs of the unknowns.

At this point, Dawes withdrew his motion for the contract award "until the next meeting." He added that the city is spending \$456 a month to pump sewage around the breaks.

Boyd called for a report on possible income for the city from the new state income tax, but was refused "not to count on it until you see it," by Comptroller Stevens.

Boyd added that the city could expect additional income of about \$14,000 from sales tax, but noted the city cannot touch the \$700,000 in reserve funds built up in the Nameoki sanitary sewer accounts. "If the citizens sue the city, could those funds be released?" he asked.

There was no direct answer, but Partney later commented he had been advised by a firm of bond attorneys that the money could not be touched.

Partney said he was making every effort to secure federal funds. "We've made application

for \$1,216,000 damage under the federal civil defense disaster program, even though only \$500,000 has been allocated for Madison and St. Clair counties.

"We're applying for \$38,400 for damage to an electrical line at the Army Depot where our pumping station is located and we're preparing an application for state and federal assistance for money spent on mosquito control during the June-July floodings.

"When and if we'll get the money is uncertain," the mayor continued, "so, we'll just have to cut services and expenditures to try to come up with the money to cover costs."

Funeral 8:30 a.m. Saturday, Sept. 27, from SEDLACKS FURNERAL HOME, 615 Madison avenue, Madison, to St. Joseph Roman Catholic Church, 21st and State streets, for 9 a.m. Requiem Mass. Interment Calvary Cemetery, Edwardsville township. Recitation of the Rosary 6:30 p.m. Friday. Friends may call after 7 p.m. today.

Trucker Killed in Crash Not from Here

William Guy Norman, 21, of Knob Knoster, Mo., a truck driver hauling a load of fresh fruit and vegetables for Illinois-Pacific Coast Transportation Co., 1601 Market street, Madison, was killed at 6:45 a.m. yesterday when his semi-trailer refrigerator truck ran off Interstate 40-U.S. 66, one mile west of Prewitt, N. M., and overturned.

The New Mexico state police said today the driver apparently dozed at the wheel and left the highway. The east-bound vehicle crossed over 1-40's west-bound lanes and ripped through a fence before overturning.

A spokesman for the Madison firm said the driver was employed by an independent hauling contractor and not by the local company.

Mr. Norman was taken to a Gallup, N. M. funeral home.

MHS Cross-Country Lost at Assumption

The young MHS varsity cross-country team lost 22-40 to Assumption Monday on Assumption's 2 1/2-mile course.

The most successful Trojan harriers were junior Henry Dobbins, 2nd-13:30; sophomore Ray Dailey, 3rd; and junior Darrel Fletcher, 10th. Other

Trojans who gathered points were sophomores Harvey Lee and Henry Wilson.

Stacey Stoicheff Trains as Hospitalman

Hospitalman Apprentice Stacey D. Stoicheff, USN, son of Mr. and Mrs. Paul E. Stoicheff of 9 Devon Hill, has graduated from the 14-week basic hospital corps school at San Diego, Calif.

The school is located at the Naval Training Center and is designed to train both men and women of the Navy and Coast Guard.

Taught by Navy nurses and senior hospital corpsmen, the curriculum covered instruction in patient care, the study of anatomy and physiology, minor surgery, the nature and prevention of communicable diseases and the administering of medicines.

Nicholas said arrests resulting from recent efforts by the sheriff's office to break up the practice include:

John Bell, 2321 Center street, and Duane Teator, 1531 Lindell avenue, charged with drag racing in the 4300 block of Maryville road; John Neninger, 2440 Rocky drive, and Samuel T. Smith, 2829 Edgewood drive, charged with drag racing on Maryville road at Morrison, George F. King and Robert Cornelius, both of East Alton, charged with drag racing on Old Alton road at Mitchell.

Nicholas said all of the youths posted cash bonds and their driver's licenses pending hearings.

Trojans who gathered points were sophomores Harvey Lee and Henry Wilson.

Warriors Host Kahoks for Conference Opener

The Fighting Warriors will open Southwestern Conference play against the Collinsville Kahoks at 8 p.m. Friday on the Granite City high school gridiron.

Coach Wayne Williams expects a tough game, commenting, "It's not the best line that Collinsville has had, but the backs are quick and big. Their leading scorer from last season, Larry Riggs, is back. Cochran and Rensing also have returned."

Collinsville has the experience of two non-conference games this season, bowing to Cahokia 18-6 and last week losing to Quincy 21-0.

Collinsville Coach Frank Pittol told the Press-Record this week, "We lost on our mistakes, including three fumbles in each

game. Two of the fumbles to Quincy led to touchdowns."

"Against Granite City, the team that gets started on the right foot will come off the winner," Williams played a wide-open game when coaching at Wood River, so I expect a wide-open game. The last time we played a team coached by Williams, they were able to do whatever they wanted to do against us."

The Kahoks' probable offensive line will be: left end, Bill Thorpe, 155 pounds; left tackle, Gary Webb, 190; left guard, Frank Hollingshead, 185; center, Greg Prather, 202; right guard, Tom Capstick, 175; right tackle, John Prater, 195; and right end Mark Dawkins, 175.

Quarterback will be Bo Kelly, 185; fullback, Dave Rensing,

185; and halfbacks, Larry Riggs 170 and Jack McLain, 150.

Riggs scored on a one-yard plunge against Cahokia, which used a running game effectively against the Kahoks and also took advantage of the Collinsville fumbles. Kelly did not play for the Kahoks due to lack of enough practice days, having played in the American Legion baseball tournament and then suffered a throat infection.

Kelly threw to Doug Pepper for an eighty-yard TD pass and passed to Dawkins for the two-point conversion against Quincy, which proved to be too big and strong for the Kahoks.

GCHS, hampered by a mini-site coaching staff during part of its pre-season practices, led Decatur before bowing 12-6 in its only start. An earlier en-

counter with Belleville Altamont had to be canceled due to the late start of the fall school term here.

Inability on Key Plays
Williams attributes the setback to "our inability to make the crucial plays." He adds, "We're just not 'hungry' enough, but we're going to get hungry."

"Our execution was bad, our hitting should have been better and our passing offense and defense were terrible. I'm unhappy, especially after seeing the game films. There will be no nonchalant players Friday."

The Warrior junior varsity will host O'Fallon at 10 a.m. Saturday at GCHS and the Granite City sophomores will play at Collinsville at 6:30 p.m. Monday.

20-Mile Feature Race At Auto Track Sunday

The Illinois Stock Car Racing Association will return to the Tri-City Speedway, 5100 Nam-raki road, Sunday for a \$2000 purse guaranteed by Shabene Promotions.

Time trials are at 1 p.m. and racing will begin at 2:30 p.m. The super-modified cars feature event will be 40 laps on the half-mile track and the hobby car feature race will be "double-O-style," employing both the quarter-mile and half-mile tracks.

Returning super-modified auto drivers who took honors here last week are Dick Sulliff, who won the feature race and a heat and was the quick-

est qualifier; Bobby Jones, who won the semi-feature and took second in the feature; and Wib Spalding, heat winner and third in feature.

This will mark the first race for Wib Spalding in his home town of Granite City this year. He holds the one-lap half-mile record here, set in 1966.

Improving Highland to Entertain MHS Eleven

The grid Trojans of MHS will have their first Midwestern Conference battle at 7:30 p.m. Friday at Highland.

Highland's Bulldogs last week defeated Vandalia 36-14 to break a string of no-win games which had spanned three seasons. Highland lost its opener to Gillespie, 14-6.

Buildup Coach Frank Probst regularly used nine sophomores last year and now boasts a squad of veteran juniors, led by fullback Jack Cain and a star lineman, Merle Roberts (6-3, 300 pounds). Roberts plays on both offense and defense.

The Trojans tied 0-0 with Rosary of St. Louis last week after edging O'Fallon 15-12. Madison Coach Al Vander Haar says of the no-score game, "We were making mental errors. No one was thinking."

"I couldn't ask for more effort. We put out a lot of energy and got no results. We would move the ball real well and then, for example, a penalty would hurt us."

Focus on Aerial Attack
The Trojans are giving special attention to their aerial attack, which so far has been almost non-existent.

"I've got the utmost confidence in our running attack, and Austin Lewis can pass the ball."

but hasn't been working with the varsity caliber of receivers long enough," the coach relates. "Our film show we've had receivers in both games, but we didn't locate secondary or safety to break a string of no-win games which had spanned three seasons. Highland lost its opener to Gillespie, 14-6."

Red Devil Harriers Lose Quadrangular
The Venice high school cross-country team finished third in a quadrangular meet held on the Bunker Hill high school 2.5-mile course Wednesday.

Bunker Hill won the meet with 33 points, led by Gary Schoenemann's 2nd place 14:42 finish and Steve Bennett's 5th place 14:51 time.

Steve Black of Carlisle finished first in 14:36, helping his team take a 40-point second place.

Venice with 128 points was third and Mount Olive with 94 points was last, since only four Mount Olive runners finished.

Kristoff Wrestling Coach at University

Appointment of Larry Dean Kristoff as varsity wrestling coach at SIU-SW has been announced by Harry J. Gallatin, head of intercollegiate athletics.

The naming of Kristoff as wrestling coach brings to six the number of major sports on the local campus. The others are soccer, cross-country, basketball, baseball and track.

Kristoff, 26, is one of the world's top amateur wrestlers and would rank either one or two around the world in light heavyweight competition on the basis of the record he has compiled since graduating from SIU.

In 1963, he won a gold medal in the pre-Olympic games at Tokyo. In 1964, he was fifth as a member of the U. S. Olympic team. He won a bronze medal at Manchester, England, in the World Games in 1965.

In 1965, in World Games held at Toledo, O., he finished second, the highest an American had ever placed up to that time. At the 1968 Olympic in Mexico City, he won two points for the U. S. by finishing fifth.

This year, at the World Games at Mar del Plata, Argentina, he won a second-place silver medal. He has won 11 national titles from 1963 to 1969. Twice he has been nominated for the Sullivan Amateur award.

A native of Carbondale, he is married to the former Doris Ann Holcomb, also of Carbondale. The couple has two sons Mark Dean, six, and Kip Lance, two. All reside in Wood River.

1970 Mercury

Now with Thunderbolt ignition across the line.

New Thunderbolt ignition in every 1970 Mercury! Breakerless Thunderbolt (no points at all) from the 135 down through the 40 hp.

Mercury from 20 through the 4 hp have new Motor Point Thunderbolt: the spark plug is fired by the points making contact. This reduces arcing and increases point life. Result: points used in the Mercurys from 20 hp down last the life of the engine.

Both Thunderbolt systems are capacitor-discharge type and have the incredibly fast Thunderbolt rise time, which zaps up to 40,000 volts to the spark plugs in microseconds.

With Thunderbolt, Mercury continues to have the hottest spark, the fastest start in boating—for every Mercury in the line.

More news: Perma-Gap spark plugs on all 70 Mercurys.

A new super-throw metal alloy for the center electrode resists spark

erosion. Under normal operating conditions, Perma-Gap plugs (another Mercury exclusive) will last the life of the engine.

Thunderbolt ignition and Perma-Gap spark plugs prevent spark plug fouling and pre-ignition due to lead deposit... so you can take advantage of regular automotive gasoline for every 1970 Mercury.

WHITTLE CLUB BEGINS NEW PENALTY SYSTEM

Mrs. Vernice VonNida led the Take Off Pounds pledge to open Monday night's meeting of the Whittle by Whittle club. She introduced a guest to the club, Mrs. Virginia Jenkins, and welcomed three new members, Mrs. Stella Fischer, Mrs. DeLora Townsend and Mrs. Phyllis Townsend.

Roll call, taken by Mrs. Gladys Hutson, was answered with desired weights.

A contest that will start next week and run for eight weeks, with prizes to be awarded.

A rummage sale will be held at next Monday's meeting for members only.

"Queen of the week" was Mrs. VonNida. She received a basket of apples. Mrs. Pat Polo, "queen of the month," received a charm and a gift.

The evening's prize was won by Mrs. Judi Greer.

A new system of penalties was begun; each gainer was "tried" by a jury of "losers," the judge being the queen of the month and the prosecutor the queen of the week. All gainers were placed on probation and if they do not lose weight this week they will receive a double penalty.

Other members present were Mesdames, Mary Jo Akeman, Billie Bag, Judy Boyer, Rosalee Brombauer, Virginia Cotter, Sharon DePew, Datha Ely, Mary Free, Jo Gipson, Peggy Hackney, Edith Harris, Ruth Hubbard, Jacqueline King, Linda Miles, Norma Ruff, Skaggs, Shirley Sobolewski, Betty Young, Jo Ann Zotti, Ruth Cook, Harriet Henderson, and Helen Patterson. Misses Carol Gaten, Deborah Miles, Pat Stajduhar and Ruth Slover. The club will meet at the East Side Levee office here again next Monday.

BROWNIE GIRL SCOUT HIKE, OUTING, OCT. 4

Brownie leaders of Neighborhood Two held a planning session for a Brownie hike Tuesday evening in the home of Mrs. Loretta Conley, 1748 Olive street, with the chairman, Mrs. Gloria Wofford, presiding.

The hike is scheduled for Oct. 4. Troops are to assemble at St. Joseph's school at 10 a.m. and hike to Shelter Five at Wilson Park. Parents are to pick up their daughters at the shelter at 2 p.m. Scouts are to wear comfortable clothing and bring sack lunches. Drinks will be provided.

Leaders and schools participating are: Mrs. Nelson, St. Joseph; Mrs. Jackie Rick, McKinley; Mrs. Pat Blackwell, Mrs. Wofford and Mrs. Mildred Proffitt, Logan; Mrs. Pat Doty, Emerson; and Mrs. Conley, Washington school.

Mrs. Conley, also organizer for Washington, announced that a special meeting will be held in the school cafeteria for all Brownie age girls interested in joining a troop. Mothers are needed as leaders and co-leaders; she may be contacted at 876-9454.

SPRING BRIDE-TO-BE. Miss Janice-An Jones, whose engagement to Thomas P. Casey is announced.

GOP WOMEN HOLD COMMITTEE MEETING

Mrs. Maxine Grissman, public relations chairman for the Madison County Federation of Republican Women's Clubs, conducted a meeting of her committee Monday evening in the home of Mrs. Vernice Wortman on Washington avenue.

Mrs. Doris Deterding, president, announced plans for the county fall luncheon at the Mineral Springs Hotel in Alton Oct. 20 from 10 a.m. through 3 p.m. Harry Page will be guest speaker.

Guests are welcome to attend the luncheon, and reservations may be made with Mrs. Martie Shackelford or Mrs. Deterding. Mrs. Wortman and Mrs. Deterding will leave Friday for Washington, D. C., where they will attend the National Federation of Republican Women's convention.

ANCHORAGE SR. CITIZENS HONOR 10 MEMBERS

The Anchorage Senior Citizens held a birthday party Wednesday afternoon in the recreation hall of the project to observe the anniversaries of ten members.

Rev. Martin Simon Dies of Leukemia

Funeral services are to be held at 2 p.m. tomorrow in Okaville for the father of Lt. Gov. Paul Simon, the Rev. Martin P. Simon, 66, Lutheran clergyman and author, who died at 6:25 p.m. Tuesday in Barnes Hospital, St. Louis. Death was due to leukemia.

Services are to be held at the Olive Branch Lutheran Church of which Rev. Simon was pastor at the time of his death. Burial will be in the church cemetery.

Rev. Simon was born near Zachow, Wis. He graduated from Concordia College at Milwaukee in 1922 and from Concordia Seminary, St. Louis, in 1926. He served as a missionary in China from 1926 until 1929.

During the next ten years he served as pastor of the Grace Lutheran Church in Eugene, Ore., and earned his master's and doctor's degrees in education at the University of Oregon.

Over the next 30 years he contributed regularly to a number of magazines, served as contributing editor of the Lutheran Layman, a national newspaper, and held various pastorates. He was the author of three books and was co-author of one which became a best seller and was translated into several languages.

He was married in 1926 to Ruth Tolmann, of St. Louis who accompanied him to China and shared his literary work. Rev. Simon and his wife edited two church magazines for many years.

Besides Lt. Gov. Simon, Rev. Simon is survived by another son, Rev. Arthur Simon, who is in charge of an inner-city Lutheran church in the ghetto area of lower Manhattan. Both sons have authored several books.

He also leaves his wife, three brothers, Rev. John Simon, of Medford, Ore., Rev. Henry Simon, Appleton, Wis., and P. A. Simon of Gillette, Wis.

He also leaves three sisters, Mrs. Rinehard Stuever of Bonded, Wis., Mrs. Ernest Andros of Woodburn, Ore., and Mrs. Jerome Wingham of Akron, Ohio, and two grandchildren.

Trust Bank to Sponsor 'Dress-A-Doll' Contest

The second annual "dress-a-doll" contest will be sponsored this year by Granite City Trust & Savings Bank, it was announced today by E. A. Karandjeff, bank president.

Purpose of the contest is to provide Christmas gift dolls for less fortunate children, Karandjeff explained.

The bank will award individual prizes in six design categories, plus a grand prize, for the best-dressed dolls in the contest.

Anyone who wishes to help provide a special Christmas gift for a deserving child may enter the contest now by calling at the Granite City Trust for a free doll to design and costume.

These dolls, furnished by the bank, stand 18 inches tall and come dressed in shoes, stockings and underclothing. Contestants finish dressing the doll in their choice of costumes, in any one of the six categories. The contest categories are: fancy dress, sensible dress, nationality costume, character costume, knit and crochet, and a special category for youngsters under 10 years.

When the costume is completed, the dolls are returned to the bank for prize judging and display. Shortly before Christmas they will be turned over to various local agencies for Christmas gifts for children of our area who might otherwise be missed at Christmas.

\$100 Bond Posted for Disorderly Conduct Court

Anthony T. Adams, 23, of 25 Tulip drive, was released on \$100 cash bail, following his arrest by Granite City police officers at 6 p.m. Tuesday on a charge of disorderly conduct.

The charge stemmed from a complaint by the mother of a teenage girl who reported that a man in a red sports car had exposed himself at Wabash and Ashes avenues as the daughter and a teenage girl friend were walking home from school about 4:30 p.m. Tuesday. The report was made to police about 5 p.m. with officers tracing Adams from a license number and making the arrest minutes later. Police said he was identified by the girls.

New Trial Granted In GC Burglary Case

Two inmates of Menard penitentiary who have served a year for a drug store burglary in Granite City have been granted a new trial because of court error in the sentencing in September 1968.

Circuit Judge Michael Kinney at Edwardsville ordered a reversal of guilty pleas entered by Sammy Stevens, 24, and Robert Howard, 19, who were sentenced by Judge Kinney on Sept. 27 last year. Judge Kinney accepted a contention by Defense Counsel Paul Riley, Edwardsville attorney, that the judge had not advised the pair of their rights when they pleaded guilty to the burglary charge.

Riley claimed a check of the transcript failed to show where the judge had been advised of the consequences of a guilty plea.

Stevens and Howard, along with a third man, Marvin Stanton, 20, were arrested by police in the Bellmore Reese Drug store on July 15, 1968. All three of the men were from Covington, Ky. Stevens was sentenced to five to eight years in prison and Howard was sentenced to three to six years.

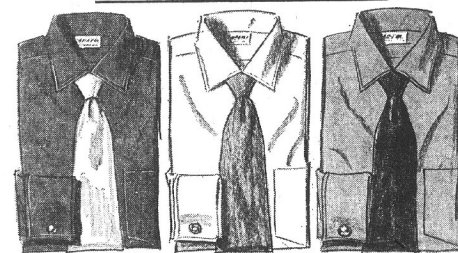

Stanton also pleaded guilty and was sentenced to four to seven years. Stanton remains in Menard.

Higher City Sales Tax Share Starts Oct. 1

Collection of the full 1½% sales tax in behalf of the City of Venice will begin Oct. 1 under resolutions adopted by the Venice city council, Harry Hartman, city attorney, pointed out today. The tax credit for the city is an additional 25 of 1% over previous collections.

The action does not increase the overall sales tax charge of 5½%. The state has been retaining 4.25% of the tax with .75 of 1% going to municipalities. Under legislation approved last summer, the cities' share is increased to a full 1½% and the state share drops to 4%. Venice revenue from the sales tax collection is expected to increase from about \$12,000 per year to approximately \$16,000 as a result of the change.

OFFICERS CHOSEN BY CHURCH CLASS

The Ruth Class of Temple Baptist Church in Madison held a monthly meeting Tuesday in the home of Mrs. Lillian Wright, 4080 Park lane, and discussed the class project, work on the church nursery.

Mrs. Peggy Sharp and Mrs. Betty Gouy offered prayer. The class elected as officers for the 1969-70 year Mrs. Wright, president, Mrs. Gouy vice-president, Mrs. Betty Cook, secretary and Mrs. Marilyn Jones and Mrs. Margaret Hahn, group captains.

Following a business session, a fellowship hour was held. The hostess served refreshments to those named and Mrs. Mary Miller and Mrs. Margaret Atkinson.

The next meeting is set for Oct. 28.

MRS. KIEL HOSTESS TO SEEKERS CLASS

The Seekers Bible class of Grace Baptist Church met in the home of Mrs. Mary Lee Kiel, 17 Tulip court, Monday evening for its September session. A discussion was held on a class project to begin in October.

Miss Gay Woodson, president, presided and the members repeated the class motto and sang the class song. The past year's project was completed and plans were made for a new project. Mrs. Linda Hutchins adjourned the meeting.

The monthly devotion, "The Second Coming of Christ," was given by Mrs. Frances Carney, followed by games. Refreshments were served by the hostess to Mrs. Judy Aiello and those named.

The next meeting will be held in the home of Mrs. Hutchins, 2213 Charles street, Oct. 20.

JUNIOR SCOUTS ELECT

Junior Girl Scout Troop 704 of the Webster PTA met at the school Monday with the leaders, Mrs. Mae Lee and Mrs. Elizabeth Griffin. The leader reminded the scouts of the United Fund Fair this weekend.

Plans were made for a mothers' meeting at the school next Monday from 7 to 9 p.m. The girls will meet after school to make preparations for the gathering, and the Pink Panthers patrol will be in charge of a flag ceremony.

Elected were: Flinnstones patrol, leader, Linda Pool, assistant, Donna Long; Spice Cadettes, Tammy Coberly and Corina Kuhn; and Pink Panthers, Tammy DePew, leader, and Susan Welty.

The meeting closed with "Taps" and the scoutmaster prayer. Others present were Carmen Jones, Kay Lee Jones, Cox, Danna DePew, Susan Foster, Mary Kay Chapline, Tammy Fritz, Shelley Siebert, Vickie Williams, Karen Tolan, Carole Griffin and Pamela Sartin.

MARSHALL TROOP MEETS

Brownie Troop 492, sponsored by the Marshall PTA, held a weekly meeting in the home of the leader, Mrs. Skippy Kidman, 2916 Faith avenue, Tuesday afternoon with the co-leader, Mrs. Fayne Weitz. After the pledge of allegiance, promise and smile song, Mrs. Kidman introduced a new member, Jackie Morris, who transferred from Troop 140.

The scouts began making collages with paste and colored yarn. Each girl reported how she had distributed floral cards they had made last week for friends or shut-ins. The meeting adjourned with singing in a friendship circle.

Responding to roll call were Laurie Holloway, Carol Kidman, Janet Nunes, Christy Peach, Lisa Piquard, Kim Reagan, Robin Saltgaver, Sharon Werner and the new member.

SEVENTH BIRTHDAY OF NANCY WATKINS

Nancy Watkins, a daughter of Mr. and Mrs. Thomas Watkins, 2543 Edwards street, celebrated her seventh birthday

with friends and classmates at a party given by her parents Monday.

The honoree, who is a second grade student at Webster school and a member of Brownie Troop 186, received many gifts.

The afternoon was spent playing games, with everyone receiving a prize. A group participation. Individual winners were the honored guest, Bonnie Blackburn, Gail Watkins and Helen DeForest. Each guest was presented with a coloring book.

A dessert luncheon was served from a table adorned with a large cake decorated with pink roses and a birthday greeting in green and yellow. Others present were the hosts' children, Gary, Michael and Kay Watkins, Timmy Harrington, Wendy Moody, Jimmy Maykopet and Mrs. Barbara Blackburn and daughter, Stephanie.

MORE ABOUT Con Con

Yount, 90 for Durr and 87 for Ringiering, with Johnson trailing in fifth place with 86 votes, only one behind Ringiering.

Durr carried the voting in both Nameoki and Venice townships where it was obvious the candidate had some political support. Venice township's total vote in 11 precincts gave Durr 444 votes. Ringiering ran second with 339, O'Neill third with 294 and Darnell fourth with 115 votes.

Durr led the Nameoki township tally in all 11 precincts with 181 votes, with O'Neill running second with 122 votes. Yount was third with 77 and Johnson fourth with 75, only two more than the 71 tallied for Mrs. Young.

Lightest on Record
The votes cast in Tuesday's election was believed by most

election officials to be the lightest on record for any general election and demonstrated a public apathy shown the Illinois Constitutional Convention proposal since it was initiated in the legislature last summer.

Political observers blamed the lack of interest on the fact that the election was conducted on a non-partisan basis and therefore failed to attract the interest of either Republican or Democratic political leaders who usually are responsible for getting out a sizeable vote.

The total vote of 1208 in the 32 precincts of Granite City township represented only 6% of the total voting registration of nearly 20,000. In Nameoki township's 11 precincts, where there is a registration of 5855, only 349 persons went to the polls. This is 6% of the registered vote.

Chouteau showed only slight improvement. A total vote of 309 ballots was cast in the four precincts there, representing 8% of the registration of 3727.

Venice township turned out the heaviest vote in the Quad-City area percentage-wise. A

total of 721 ballots was cast in the 11 precincts of Venice township, or 12% of the registration of 6210.

7% of Registration
The total of 2587 votes cast in all four townships represents 7% of the combined registration of 35,068.

In direct contrast to the light voting in this area were the results of the two precincts of Jarvis township where voters cast 325 votes in one precinct and 256 in the other for Johnson alone. This was a total of 571 votes cast in Jarvis township, for a single candidate, almost equal to the combined total vote of Nameoki and Chouteau townships.

Durr, 31, is an Edwardsville attorney and serves as city attorney of Troy and Livingston and as park district attorney for Tri-Township. He is president of the board of directors of the Edwardsville YMCA and is a member of the Illinois Bar Association.

Mrs. Young, 47, lives at 3003 Brown street in Alton and is the wife of Dr. Lafayette Young Jr. and the mother of five

daughters. She is a native of Paris, France, and is a former legal secretary. She has been active in state and local levels of the Republican party for the past 15 years and is now in her third term as Madison County Republican Chairwoman. She also is a member of the Board of Madison County Federation of Republican Women.

Johnson is 42 and lives at 315 East Center street, Troy. He is an auditor and accountant, was former editor of the Troy Tribune for 15 years. He also is a former school teacher. He holds a bachelor's degree in business administration and a master's degree in education.

Ringiering, 56, has been a resident of Wood River since 1914 and has served as mayor and council member there. He lives at 977 Whitelaw, is married and has eight children. He owns and operates the Rings Aircraft Manufacturing Co. in Wood River.

300 at County School Lunch Group Program

People the world over must learn to live in harmony for a very basic reason—self-preservation. Helen J. McLane, public relations consultant, International Harvester Co., Chicago told a meeting of the Madison County School Lunch Association Tuesday night at Alton. The meeting originally had been planned for Granite City high school but was changed due to the delayed start of the school term.

The vital need for people to live in peaceful co-existence has never been more urgent than now, when more nations are gaining access to weaponry with virtually limitless power to destroy, Miss McLane declared. She was heard by 300 including 100 Quad-Cityans, as the lunch personnel entertained school principals and administrators, a yearly event.

"Harmony among nations is

Muffler Charge

Charles Murphy, 2617 Washington avenue, was issued an arrest ticket Wednesday afternoon at 23rd street and Washington avenue on a charge of operating an auto with an improper muffler.

Impossible unless individual persons learn to solve the problems which come with living together," the speaker said. "To improve relations with others, a person must first learn to live with himself."

Happiness cannot be bought, but is a state of mind which stems from the ability to make use of all the good which comes our way, she said.

Miss McLane suggested eight rules for improving relations with other people: praise others, don't criticize, be a good listener, avoid arguments, admit mistakes, ask instead of commanding, develop a sense of humor, and always look for the best in people.

Seth L. Smith, 82, Dies at Soldiers Home

Seth L. Smith, 82, formerly of Venice, died at 9:30 p.m. Tuesday in the hospital at the Soldiers and Sailors Home in Quincy where he had been a patient for three weeks.

Mr. Smith, a laborer who retired in 1946, entered the home two years ago. He had been ill for three years.

Born at Johnstown, Pa., Mr. Smith was a 55-year local resident. He was an Army veteran of world war I and was a member of Venice-Madison American Legion Post 307.

Survivors include a brother, Levi Smith of Venice, and three sisters, Mrs. Claude (Ethel) Moore and Mrs. Emily Adams, both of Venice and Mrs. Tillie Thompson of East St. Louis.

Funeral arrangements are given in today's obituary column.

Air Purity Suit In Rate Proposal

Attorney General William J. Scott, acting on behalf of the people of Illinois, announced Tuesday that he will contest a rate increase Commonwealth Edison is seeking from the Illinois Commerce Commission—on grounds that the company is a major air polluter.

"The Commerce Commission granted my motion to intervene," Scott said.

"Our intervening demonstrates that I intend to use every means at my command to make pollution uneconomical for the polluters."

He has assigned the case to two of his special assistants who have had extensive experience in rate cases before the Commerce Commission. They are John Meyer, who practices in Danville and Chicago, and Randall Robertson of Granite City.

They will work on the case with Henry Caldwell, chief of Scott's Anti-Pollution Division.

The utility company has asked the ICC to approve a 6.1% rate increase.

Scott said his action marks the first time in the U.S. that an attorney general has sought to intervene in rate proceedings to develop the philosophy that public utilities have a greater obligation to serve the public interest than any other business.

It is being contended that they are serving the public in every respect, including compliance with air pollution laws," Scott declared.

He said, "A utility seeking the benefits of a rate increase must come to the commission and the courts with clean hands and as well as prove their need for the increase."

Scott said that visitors to Chicago arriving on the Stevenson Expressway from the St. Louis area and Springfield via Route 66 are "greeted by overpowering fumes from the southwest side plants of Commonwealth Edison."

"This air pollution is not only a disgrace to the city but also endangers the health of all the residents on the southwest side of Chicago," Scott said.

Typing Course to be Taught on Channel 9

A new 26-lesson telecourse in typing will be presented on Kete channel 9 at 7:30 p.m. Mondays, with a repeat at 5:15 p.m. Fridays, beginning Oct. 6.

A preview is set for the same times on Sept. 29 and Oct. 3.

Gerald Hutton, a business education teacher, will teach the locally produced beginning course. Production crews have set up an overhead mirror to make lessons clearer, and Hutton said with practice a person should be able to type about 40 words per minute by the end of the course, fast enough for jobs using limited typing.

The course is for all ages, and Hutton, who is black, hopes it will encourage young blacks to make it in many fields.

Enrollment fee for a Kete member, those who contributed \$10 or more annually to educational television, is \$5. Non-members may enroll as members and typing students for \$15. A standard typing book, included in the enrollment fee, is the guide for the course and practice sessions, and those enrolling before Oct. 6 will receive a shorthand textbook free.

Further information may be obtained by writing the Registrar, Kete Channel 9, 6996 Millbrook Blvd., St. Louis 63130.

Hospital Auxiliary Honors 'Pink Ladies' for Services

Mrs. Ida Murray, a Pink Lady volunteer at St. Elizabeth Hospital whose total hours of voluntary service now exceeds 4000, was among 71 local women honored Monday evening at the annual awards dinner, given by the St. Elizabeth Hospital Auxiliary.

During a 6:30 p.m. pot-luck dinner, served in the hospital cafeteria, local Pink Ladies who have accrued thousands of hours of voluntary service to the hospital received special recognition awards from Sister Mary Thomas, hospital administrator, and Mrs. Louise Sedlack, director of volunteer service.

Special honors and long service pins were awarded Pink Ladies whose volunteer hours have now passed the 1000 mark. The hospital's top volunteer workers recognized, include Mrs. Murray, 4000 hours; Mrs. Helen Bergfeld, 3000; Mrs. Lorene Morris, 2300; Mrs. Ellen Dahmus and Mrs. Lorene Thebeau, 2100; Mrs. Mabel Gaston, 2000; Mrs. Grace Hennrich and Mrs. Irene Argelan, 1900; Mrs. Nadine Meehan, Mrs. Vera Carey and Mrs. Cecelia Loyet, 1500; Mrs. Catherine Parker and Mrs. Adele Kalkocy, 1200; Mrs. Betty Ferguson, Mrs. Edna Wyatt and Mrs. Rinda Brown, 1100; and Mrs. Marie Zimmer, 1000 hours.

Long service pins also were presented to: Onpha Dortch, Marian Rose Lambert and Bea Rittenhouse, 900 hours; Irene Pearson, 800; Mary Bab, Helen Heller and Geraldine Rill, 700; Esther Baumberger, Judith Gavin, Margaret Lee, Catherine Pisel and Jennir Woehman, 600 hours; Mary Kristian, Lillie Nann, Clara Schillinger and Theresa Schuler, 500; Tressa Ryan, Dorothy Beck, Mary Foster, Brenda Luebert and Eva Six, 400; Irene Ebersold, Kassie Hagauer, Louise Sedlack, Irene Spillers, Laura Taylor and Mildred Zikovich, 200.

Bernice DeRousse, Hester Ellsworth, Peggy Essenspreis, Dayna Gonzalez, Mildred Gray, Diane Mison, Irene Mahrt, Helen Miller, Edith Mitchell, Mrs. Marge Norwood, auxiliary president welcomed the 71 honorees and invited new members among the volunteer workers to join the hospital auxiliary.

Twenty-one new Pink Ladies enrolled during the past eight months were introduced by Mrs. Sedlack.

New volunteers presented were Rose Baker, Viola Cox, Bernice DeRousse, Nina Fisher, Carol Flach, Mildred Gray, Frances Green, Dorothy Maer, Helen Miller, Alice Nann, Marge O'Neill, Ann Oram, Gail Richards, Naomi Romge, Juanita Rosenberg, Edith Smith, Bertha Sedlar, Carol Taylor, Denise West, Ann Wilson, Alice Worthen, Dolores Walker, Leila Evans, Nigel Mearns and Mary Baker.

Mrs. Norwood and Mrs. Bergfeld discussed plans for the auxiliary's production, "Fractured Follies," to be presented Oct. 24-25 at Granite City high school auditorium. The benefit variety show needs the full participation of all auxiliary members, the president said.

She announced a "Kick Off Talent Party" will be held Monday, Oct. 6, at Tony's restaurant, 5300 N. Main St., starting at 8 p.m. Mrs. Norwood urged all members interested in "show business" to volunteer their talents to the talent director, Mrs. Milli Heisler, the evening of the party.

Proceeds from the variety show will go toward the \$150,000 pledge, made by the auxiliary to the St. Elizabeth Hospital building fund, Mrs. Norwood explained.

Hostesses at the awards banquet were Mrs. Kristian, Grace Hennrich, Bea Rittenhouse, Hilda Lombardi, Millie Chomko, Marie Zimmer and Vera Carey.

Members who played games after the meeting were Keith Pears, Terry Gibbs, Jeff and Chet Herring, Jim and John Borth, David Hagopian, Danny Stanton, David Tripp, Mark Lynn, David and Jerry Thompson and Mike Blatner.

The Teenage department of the Church of Christ, 213 Clark avenue, met Sunday evening to plan activities for the coming month. Ray Kimbrell, youth director at the church, led the opening prayer.

A party and hayride was set for Oct. 3 in Carpenter, Ill., and the group will sponsor a roller skating party for all church members Monday, Sept. 29, from 7 to 9 p.m. at the Stardust roller rink.

Tentative plans were made for a picnic at the church campus, Camp Neeter, in the fall. All enjoyed a social hour prior to a church service.

ST. ELIZABETH ALTAR SOCIETY PLANS BAZAAR

The Altar Society of St. Elizabeth Church met Tuesday evening in the school cafeteria to honor the Sisters with a Pantry shower and to meet teachers for the new school year.

Present were Fr. Lawrence Mattingly, pastor, and the assistant pastor, Fr. Virgil Mark, who led 110 in the opening prayer.

Plans were discussed for a Christmas bazaar by the group, 8 a.m. to 1 p.m. in the church hall. Mrs. Clara Schilling is chairman of the bazaar and Mrs. Parry and Mrs. Marge Noth, co-chairman of a dinner in conjunction with the bazaar. Handwork items are needed for booths, and may be brought to the next meeting.

Mrs. Pare reported on the 24th annual convention of the Diocesan Council of Catholic Women at Springfield last weekend. She attended as a representative of the Altar Society.

Mrs. Jeanne Schwarzkopf requested books, records, candy and cookies for Church Women United booths at the United Fund Fall Fair.

A committee which prepared new bylaws distributed copies. Mrs. Lillian Turk, chairman of the bylaws, said the bylaws will be voted on Oct. 28. Serving on the committee were Mesdames Pare, Dolores Polson, Jeanne Beatty and Emma Jaklich and Miss Julianna Hoebecke.

Pantry items filling ten bushel baskets were given to the Sisters. Sister Lucia, principal of St. Elizabeth's school, introduced those present as well as the lay teachers attending.

The meeting closed with prayer led by Fr. Mark.

A buffet lunch was served by the hostesses, Mrs. Anniesse Gylmar and co-hostess, Mrs. Loretta Haack. The serving table held a centerpiece of yellow flowers and clear glass candleholders with blue and white candles.

Top classroom attendance was by Mrs. Lynn's and Miss Hoebecke's rooms.

The prize for the evening, a ceramic Madonna, was awarded to Mrs. Irene Feiler.

CUB PACK 22 HOLDS MEETING AT PARK

Cub Pack 22, sponsored by the Frohardt PTA, met Tuesday evening at Wilson Park for a marshmallow roast. Webelos Den Two presented a patriotic song, followed by games led by Den Eight.

Cubmaster William Krause presented a ward's assistant denier, Jeff Bell and David Meyer, denier and gold arrow, Randy Byrd; silver arrow, Bill Metcalf and Scott Meyer. The arrow awards were earned under the wolf rank.

Year pins were presented to Ron Backs, Jeff Bell, Tom Becker, Bill Metcalf, Scott Meyer and Jeff Robinson.

Adults receiving awards were Mrs. Jewell Backs, Mrs. Sarah Metcalf and Mrs. Norene Byrd, year pins; Bill Down, two-year pin; and Mrs. Beverly Krause, three-year pin.

Committee members for the year are Leo Manogian, Neil Winters, Mrs. Lois Haeber, Mrs. Krause, Mrs. Lillian Ropac, Ed Ferguson and Richard Houston. Their next meeting will be Oct. 7 at the school.

New members welcomed as Bobcats were Brian Ropac, John Brusatti and Jimmy Down. Daniel Giese is new to the pack, having transferred. Den Mothers include Mrs. Byrd, Mrs. Backs, Mrs. Haeber, Mrs. Manogian and Mrs. Pat Winters. Assistant den mothers are Mrs. Metcalf and Mrs. Joyce Tossaint, and Webelos leaders are Bill Down and Dr. Larry Tadlock.

The next pack meeting will be Oct. 28 at Frohardt.

CANASTA CLUB MEETS AT HOGAN RESIDENCE

Mrs. Mary Hogan entertained her canasta club at her home, 2140 Clark avenue, Tuesday evening.

The night's prizes were won by Mrs. Verlyn Vollmer, first; Mrs. Becky Parish, second; Mrs. Vella Mae Tucker, third; and Mrs. Marie Naevie, floater prize. A late lunch was served by the hostess to the winners and Mrs. Carmen Allen, Mrs. Lala Fornaszewski and Mrs. Fern Wright.

Mrs. Wright invited the club to her home, 3213 Rodger avenue, Oct. 14.

MRS. RYAN HOSTESS TO PINOCCHIO CLUB

The Tuesday night pinocchio club met with Mrs. Edith Ryan, 2566 Iowa street, Tuesday for an evening of pinocchio and to observe the birthdays of two members, Mrs. Harriet Hoff and Mrs. Thelma Schmidt. The two received gifts from their secret pals.

Prizes for pinocchio games were awarded to Mrs. Catherine Hommert, first; Mrs. Juanita Rosenberg, second; Mrs. Lorraine McElroy, consolation; and Mrs. Schmidt, honors.

Mrs. Ryan served a buffet luncheon to Mrs. Mary Lou Clausen, Mrs. Bertha Johnson, Mrs. Hazel Rollins and those named.

The club will meet Oct. 28 with Mrs. Rollins, 4361 Revell lane.

NAMECKI SCHOOL PTA WILL MEET FACULTY

The PTA of Namecki school will hold its first meeting of the year Monday at 7:30 p.m. in the school gym.

The teaching staff will be introduced and reports will be given by committee chairmen. Plans for the coming year will be outlined, and PTA program books will be distributed; they have been prepared by Mrs. Marilyn Gailbraith, Mrs. Angie Kefalas and Mrs. Marian Simpson.

Refreshments will be served following the meeting.

MISSIONARY SOCIETY MAKES FALL PLANS

The Women's Missionary Society met at Calvary Baptist Church Monday evening, opening with reading of a prayer calendar for missionaries by Ruth Moser. Mrs. Ruth Moser presented Scripture reading.

Circle plans for the fall were discussed. Mrs. Mabel Turnbull announced a Madison County Baptist Association clinic.

A Girls' Auxiliary coronation Oct. 19 at the church was planned; Mrs. Moser is chairman.

Leaders elected for the G.A. program were: Mrs. Maxie Stamps and Mrs. Retha Tripp, Junior Girls One; Mrs. Margaret Williams and Mrs. Moser, Junior Girls Two; and Mrs. Lois Bowers and Mrs. Connie Clark, Intermediate Girls.

Others attending were Mesdames Paula Lindville, Janet Stantman, Thelma Phelps, Ruth Corner, Pat Heath, Laella Probes and Norma Smith.

The program was led by Mrs. Bowers, who spoke on "Identify Christian Disciples." Mrs. Turnbull offered closing prayer.

HOMEMAKERS ATTEND COUNTY ART CRAFT DAY

Mrs. Lawrence Pashea served as chairman of the annual Madison County Homemakers Extension Association arts and crafts meeting Monday in Edwardsville.

Mrs. Wayne Cline, Glen Carbon, served as unit chairman for the day's activities, attended by two representatives from each unit in the county.

Mrs. F. G. Stephens and Mrs. Rufus Ramsey, both of the Granite City unit, gave the lesson on making of Christmas angels, and Mrs. Cline gave the Christmas wreath lesson.

Representatives of local Homemakers units included Mrs. Arthur Ringering and Mrs. Mike Krizan of the Granite City unit, Mrs. Charles Hickman and Mrs. Henry Ross of the Isabel Bowers unit and Mrs. Preston Ridings and Mrs. Lloyd Lewis of the Trio unit.

RETURN TO NEVADA

Mrs. and Mrs. Ernest Brown, 2546 Hemlock avenue, had as guests for a week their son-in-law and daughter, Mr. and Mrs. Leo H. Devillbiss. They left Sunday for their home in Henderson, Nev. Mrs. Devillbiss is the former Hazel Brown.

AUXILIARY ELECTION

The Annette Hall Young Women's Auxiliary of Third Baptist Church met Tuesday evening to greet its new leader and to elect officers. The meeting was held at the home of Carol and Karen Gauen, 2004 Arno avenue.

Mrs. Juanita Keltner, present leader, introduced Mrs. Doris Curmuth, who will be the leader for the coming year.

Officers elected were: president, Cheryl Harper; vice-president, Carol Gauen; secretary-treasurer, Karen Gauen; study leader, Janet Wilson; and mission action leader, Gwen Guymon.

The hostesses served a dessert course, and a discussion was held on plans for the year. Mrs. Curmuth will have the next meeting at her home, 3825 Lake street, Oct. 14.

MISSION GROUP ELECTS

Mrs. Peggy Short, 2832 Iowa street, entertained members of the Helen Lambert Current Mission Group of Third Baptist Church Tuesday. The call to prayer was by Mrs. Betty Clark, and Mrs. Doris Curmuth presented the day's lesson, "Young Disciples."

Man Pleads Innocent; Involved in Thefts

Kenneth Graham, 46, of East St. Louis, pleaded not guilty Wednesday in magistrate's court to a charge of deceptive practices at Bradshaw's service station, 19th street and Cleveland blvd. He was returned to jail.

Graham also is involved in federal cases of theft of an auto owned by a YMCA resident which was found at Donahoe, Mo., recently, and a pickup truck there which was spotted at the local service station. The FBI is handling the theft cases.

SOCIETY

Cowan-McBrien Engagement

Mr. and Mrs. Dale McBrien, 2917 Fortune drive, are announcing the engagement of their daughter, Miss Donna McBrien, to Robert Cowan, a son of Mr. and Mrs. Robert B. Cowan, 2304 Gary avenue.

Both young people, graduates of Granite City schools, are presently attending SIU-SW. Miss McBrien is serving as president of Gamma Sigma Sigma sorority at the university. Her fiancé is vice-president of Alpha Phi Omega Fraternity, and is advisor of Explorer Post 6, Boy Scouts.

Wedding plans are indefinite.

VACATIONISTS RETURN

Mr. and Mrs. Floyd Hatcher, 2979 Iowa street, have just returned from a week's vacation in Arkansas and Missouri. Among the places visited were Cherokee Village, Little Rock, Hot Springs and Dogpatch in Arkansas, and Silver Dollar City, Mo.

STORM WINDOWS AND DOORS GRANITE CITY GLASS CO.

ENGAGED. Miss Donna McBrien, whose betrothal to Robert Cowan has just been announced.

B&PW Honors Mrs. Spohr

Mrs. Florence Spohr was named "Woman of the Month" by the Granite City Business and Professional Women's club at the September meeting held at the Rose Bowl. The crowning ceremony was conducted by Mrs. Dolores Allen, club "woman of achievement" committee chairman.

Mrs. Spohr has been a member of the Business and Professional Women's Club about 17 years. She is a past worthy matron of Granite City Chapter 650, Order of Eastern Star; a past worthy high priestess of Gabriel Shrine, 78, White Shrine of Jerusalem; and a past president of the Madison Women's Democratic Club. At present, she holds the office of treasurer of Gabriel Shrine, and is a member of the Past Matrons Club and the Presbyterian Church.

She has served as chairman of hospital, health and finance committees in the B&PW club. She has three children and her hobby is her garden.

After the death of her husband, Louis C. Spohr, in 1949 Mrs. Spohr served as police magistrate in Madison, filling the remainder of her husband's term, and was employed at the Madison county court house in Edwardsville for one year. She is presently employed in the Venice township office, a position she has filled for the past 15 years. Mrs. Spohr resides at 1678 Third street, Madison.

Further State Aid Rise This Fall, Spring Would Add to GC Teacher Pay Increases

The working agreement of the Granite City community unit school district and American Federation of Teachers Local 743 for July 1970-1971—a document of 28 pages of single-spaced typing—was adopted by the board of education at a special meeting Monday night.

Article 42, one of 43 articles in the agreement, includes further salary increases contingent on a further increase in state tax aid to the school district from a special session prior to July 1971.

The Illinois General Assembly will convene Oct. 14 and also is expected to meet next spring, but no further adjustments in state aid are anticipated prior to the January-June 1971 legislative session.

The state aid formula increase adopted in 1969 was a factor in negotiations which ended with a Sept. 12 agreement by the school system and Local 743 on the terms of the pact formalized by Monday night's 60 board vote. Classes for students began last week, three weeks later than originally scheduled.

Working of Pay Clause
The working agreement relates that "if, as a result of a change in the formula of state aid resultant from a special session of the legislature held prior to the start of the 1970-71 school term, additional state aid funds are to be received by the district and such added funds are to be received for the 1970-71 school year, annual salaries for the 1970-71 school year shall be increased in accordance with the following schedule:

"Increase in state aid of \$60,000 or less, no increase in annual salary; \$60,001 to \$90,000 state aid increase, \$30 increase (for the nine-month school year, or \$5 monthly); \$90,001 to \$150,000, \$100 (\$11 monthly); \$150,001 to \$210,000, \$120 (\$16 monthly); and increased in the same relationship at the rate of \$50 per person (\$5 monthly) for each \$60,000 increase."

The basic salary schedule sets pay levels for those in the first through twelfth years of teaching and having no degree, a bachelor degree, bachelor degree with 150 college credits, 175 hours, bachelor degree with 175 hours, master degree and master degree with 190 hours.

Monthly pay ranges in the six columns in 1969-70 are \$666-\$1000 (non-degree), \$794-\$1333, \$822-\$1361, \$850-\$1388, \$877-\$1416 and \$905-\$1444.

\$833-\$1500 in 1970-71
For the 1970-71 year, the salary ranges will be \$666-\$1000, \$794-\$1333, \$822-\$1361, \$850-\$1388, \$877-\$1416 and \$905-\$1444.

The ranges listed do not include 16 monthly cost-of-living pay in the current year or cost-of-living in the following year at \$2.77 monthly for each half of 1% of inflation up to 6% (potentially \$33 monthly if Bureau of Labor Statistics figures indicate that much of an increase in the cost of living).

Additional pay aid is called for under many of the other articles of the agreement.

Eliminate Acting Principals
A previous element of added pay is eliminated under the new pact. The agreement now says in Article 31 that "no teacher, counselor or nurse shall act as principal of a school building."

concern to both certificated personnel and the board.

"To facilitate study and revision of the district curriculum, groups shall be formed for the purpose of studying new curriculum ideas and revision of present programs. Suggestions for areas of study and revision shall come from an annual survey of the staff."

"Service on these committees shall be voluntary."

11-Member Curriculum Body
"A joint teacher-administrator committee shall be established for the purpose of surveying and evaluating the suggestions of the teaching staff. This committee will consist of at least 11 members."

"The curriculum coordinator will be a standing member of this committee, and the remaining members of the committee will consist of personnel mutually acceptable to both the union and the administrators and will be equally divided between the two groups."

"A report and recommendations will be made to the superintendent of schools annually. A report on the report will be filed with the union and the board of education. The board shall notify the committee of its disposition of the recommendations."

"If curriculum committee or subcommittee work is considered necessary for evaluation of its findings, or for other reasons, it may function during the summer, and members will be paid the current summer school rate of pay."

Summer School Provisions
Article 40, Summer School, says that "when summer school is offered by the board, the rate of pay shall be 1970, 57 per cent of the 1970-71 salary."

"One day of sick leave is allowable yearly in the summer school program. Other provisions of this agreement do not apply to summer school except as otherwise specified herein."

Extra-curricular pay will be based on the starting nine-month salaries of \$7150, \$7400, \$7650, \$7900 and \$8150 in 1969-70 and \$7500, \$7750, \$8000, \$8250 and \$8500 in 1970-71.

The extra-curricular schedule ranges from the first through tenth years of teaching experience and adds a percentage of base pay.

This article, No. 35, shows 34 different categories of extra-curricular work.

Extra-curricular Pay Range
For example, head football, baseball, basketball and wrestling coaches get 14.75%, depending on years of experience. The student council supervisor receives 1.75% extra in the first year through 4% extra in the tenth year.

Up to five years of credit are given for coaching outside the Granite City district.

Along with the 34 categories for which there is a ten-year extra-curricular schedule, \$100 per school year (\$1 monthly) is paid to supervisors of school patrols.

The same figure of \$11 monthly is paid at GCIS and junior high schools to sponsors of administratively approved clubs and organizations meeting at school.

Sponsorship of all groups meeting after school hours is voluntary.

Summaries of other articles of the working agreement follow:

Preamble. Intent is "to promote and improve the relations among the board of administrators and teachers and to expedite and facilitate the attaining of the worthy objectives of the school district." Nothing is to be binding that violates state laws.

Local 743 is the sole and exclusive bargaining agency for all certificated personnel except persons on the administrative salary schedule. Bargaining election could be obtained by 30% of non-administrative certificated personnel.

Negotiation procedures.
Meeting between board and union representatives set by Jan. 1, 1971, and held Feb. 1. Negotiations by Feb. 15. The team representing the board to include at least two board members and any other persons the board appoints. Size of negotiating teams, 3-7 each.

3. Adoption of school policy.
When the board or administration is considering policy changes directly affecting teachers, their wages, total hours of work per day, continuity of daily work schedule and all other working conditions, the superintendent is to advise the union of the policy in advance so that it can express its opinion prior to adoption of the policy, except when an emergency arises and immediate action is required.

Monthly Conferences
4. Each principal and the union building representative of his school are to meet at least once a month. The local's salary and policy committee is to meet at least once a month with the superintendent to discuss school problems.

Payroll deduction of dues with written approval of the individual union members.

6. Public information. Statistics and records made available to the union upon written request.

7. Pay for 133rd through 187th days, if held, at 1/182 of school year basic salary. Salary for days lost deducted 1/200.

8. School mail. \$10 monthly service made available to the union for distribution of official national, state and local publications not including campaign literature.

9. Policy, when feasible, to hire only those teachers, counselors and nurse applicants who have at least a bachelor degree.

Promotion Opportunities
10. Current employees given first consideration in filling all existing and new vacancies in teaching, counseling, coaching, nursing, administrative and supervisory positions.

11. Classroom interruptions limited to the first and last five minutes of the day except in emergencies.

12. Certificated personnel may leave their assigned building during periods when they are not directly responsible for student education or conduct, provided the person responsible for the building or his designate is notified of their departure and return. Such period shall be used with discretion.

13. The entire process of scheduling pupils into classes—except summer school—is to be performed by persons other than teachers.

14. Teachers and non-administrative certificated personnel are not required to collect money.

Vocational Teachers
15. Vocational shop teachers with minimum requirements, placed on bachelor degree salary column; 30 more semester hours of college work, placed on bachelor-with-150 schedule; after 25 hours of college credit (55 above minimum requirement), bachelor-with-175 column; bachelor degree, placed in master column; master degree, placed in master-with-190 column.

16. Registered nurses placed in non-degree column. Those with RN and either a CPN (certified public health nurse) or five years of experience outside of the schools, placed in bachelor column.

Those with RN plus CPN or equivalent, with 50 semester hours of college credit, placed in bachelor-150 column. RN-CPN and 100 hours, bachelor-175 column. RN-CPN and bachelor degree, master degree column. RN-CPN and master degree, master-190 column.

17. Identification cards, serving as passes to all school-sponsored activities. For reserved ticket activities, the ID cards entitle the holder to a complimentary ticket after student sales have been completed. ID cards are not valid at athletic tournaments where admission is charged.

future legislation making agency shop permissible, the board and the union will negotiate on the subject in the working agreement following said legislation.

27. Attendance at meetings, training or other special events during off-school hours voluntary except for two meetings yearly.

28. Normal teaching assignment in junior highs and at GCIS of five classes, no more than one of which is a one-hour study hall, plus an assigned half-hour study hall, half duty or luncheon duty. Not applicable to shop teachers with two three-hour or three two-hour classes. Personnel assigned extra separate classes paid an extra 1/1000 of their school year salary for each semester; those assigned five and a half hours of teaching paid 45.5/1000 per semester.

Loss of Preparation Hour
29. Intent is to discourage taking a teacher's preparation hour for use as a substitute teacher, those substituting for an absent teacher are to receive \$3.25 for 10 to 30 minutes or \$5.50 for 31 to 60 minutes.

"These payments shall be made in cases where a teacher doubles up to handle his own class as well as the class of an absent teacher. If the class of the absent teacher is divided among two or more teachers, the payment shall be divided on a proportionate basis."

30. Homebound teachers other than regular homebound teachers paid at 1/1000 of school year teaching salary per hour. Regular homebound teachers paid over five pupils (five hours), \$15 a night.

32. Helpers at athletic events—schedule ranging from \$7.50 to \$15 a night.

33. Reimbursement of 75% of tuition for approved college courses attended.

34. Year-long sabbatical leaves for research, study, travel or other approved purposes, up to 1% of the teaching staff. Pay at half of basic salary; basic salary minus cost of a substitute; or minimum salary in Illinois School Code, whichever is greatest.

The school code shows nine-month sabbatical pay of \$5900, or \$2025 after five years of experience, or \$6600 after eight years, for bachelor degree teachers; it lists, for master degree instructors, \$6000, or \$5750 after five years, \$7200 after eight years or \$8000 after 13 years.

35. Accumulated earned absences—retiring teachers employed for 15 or more years in the district paid 60% of accumulated leave; those retiring after fewer than 15 years, paid 25% of the accumulated absences.

Resigning tenure teachers, paid 25% of earned absences. To arrive at the compensation, 155 days is used as the total compensated days in a school year and no one receives more than \$3000 for unused absences. Funds go to the estate in the event of death.

37. Ten days sick leave yearly for three years and 15 days annually for the next three years to a total of 75. Thereafter, 10 days annually to a maximum of 200.

38. Emergency leave for occasions when presence is required—paid for death in the immediate family, up to five days; urgent personal business, up to four days; unspecified reason but not personal pleasure, two days annually.

39. Free hospitalization, medical and major medical insurance for certificated personnel, spouses and dependent children, plus \$2500 term life insurance for the employee.

41. During this agreement, a feasibility study will be made regarding the use of non-teaching aides.

43. Written notice of termination or proposed revision of agreement required by Feb. 1, 1971.

'Second Effort' Idea Earns Training Award

Andrew C. Lauria, sales training manager of the Union Division of Miles Laboratories, has been awarded a coveted Dartnell honorable mention award for his "Second Effort Training Program," submitted during a contest in which trainers of over 500 companies submitted entries.

Lauria's entry was based on using Vince Lombardi's "second effort" film as the main theme of the training program for plant personnel in Union Division's Key Account program. The Union Division of Miles Laboratories is a major producer of corn syrup, corn starch, citric acid, caramel color and cyclamates used principally in preparation of food and beverage products. It is headquartered in Granite City, and its domestic operations include manufacturing facilities here and in Elkhart and Edinburg, Ind.

Senator Smith Names Fisher as Press Aide

Sen. Ralph T. Smith (R, Ill.) announced the appointment on Tuesday of Joseph A. Fisher as his press aide. Fisher, a native of Illinois, has been political editor of the Rockford Register and Morning Star since 1962. He has been based in Washington since that time. Sen. Smith, who was appointed last week to fill the vacancy caused by the death of Sen. Everett M. Dirksen, said Fisher "will be a valuable and welcome addition to my staff."

"I have known Joe since he was covering the Illinois State House in Springfield, and I have known him to be one of the most knowledgeable and competent men in the news field."

"He will bring to his new job both a knowledge of Illinois' challenges and its problems—and a thorough understanding of the Washington scene. His long newspaper experience will add an important dimension to my staff."

Prior to his Washington assignment, Fisher covered the Illinois General Assembly for the Rockford papers, now part of the Gannett group of newspapers.

A graduate of Northwestern University, Evanston, he earned a bachelor degree in 1948 and master degree the following year. He worked for the Duquesne Telegraph and Herald before joining the Rockford newspapers in 1950.

Fisher, 45, is married to the former Eleanor Larsen of Chicago. They have five children.

Keys Removed from Car

Victor Szymczek, 2009 Richmond avenue, reported at 7 p.m. Tuesday that someone had removed a key ring, containing several keys, from the ignition of his auto while he was away from the vehicle about five minutes. The car was parked on the 2900 block of Maryville road, he told police.

Carson to Give Flycasting Exhibition at 'Fun Fair'

George Carson, well known for his advice to outdoorsmen interested in hunting and fishing, will give a flycasting exhibition from 2 to 3 p.m. Saturday during the United Fun Fair at the Wilson Park rink-recreation center.

He attended Fordham University in New York, College of Business Administration where he participated in football, baseball, track, swimming and boxing. Carson also had 28 fights in St. Louis area as a boxer.

He has been interested in hunting and fishing for the past 25 years and was winner of a 1954 national conservation award; the 1961 North American Outdoor Writers Award and in the same year received the American Association for Conservation Information Award.

At United Fund Fair

Church Women United Plan Unique Booths

Unusual items, including a variety of sheet music, an old Al Johnson record and a collection of old books on music, will be featured at the Church Women United booth at the United Fun Fair.

Mrs. John Schrader, co-chairman of the booth committee for the Quad-City Council of Church Women United, said the booth also will feature a piano, and an old fashioned crank-type phonograph to try out music selections. Some of the records and the books date back to 1902-08.

The Church Women will have another booth at the United Fun Fair on Saturday and Sunday at the Wilson Park rink pavilion. It will be a "Dandy Candy and Cookie Cupboard" to sell homemade candies and cookies.

Books in the Book Nook will vary from fiction to non-fiction, children's novels and even books on mechanics.

All proceeds will be donated to the United Fund at the conclusion of the two-day Fund Fair.

Mrs. John Gordon also is co-chairman of the booths.

2 Collisions Tuesday

At Nameoki-Johnson

No injuries resulted from two rear-end auto collisions, occurring at Nameoki and Johnson roads within a two-hour period Tuesday, but damage was reported to the four vehicles involved.

An auto operated by Frank C. Crook, 1615 Spring avenue, was struck in the rear by another vehicle driven by S. C. Abrahamson, St. Charles, Mo., at 10:50 a.m. At 12:40 p.m., a car driven by Linda M. Hart, Rural Route Two, halted for a traffic signal and was hit from the rear by an auto operated by Leo A. Roman, 3213 Colgate avenue. All four vehicles were heading north at the time.

Nameoki Road Collision

A rear-end collision at Leonard and Nameoki roads at 3:45 p.m. Tuesday involved autos of James C. Stuart, 3001 East 23rd street, and Gerald R. Weller, 2809 Forest avenue. Both vehicles were traveling south on Nameoki road.

'Youth and Drugs' Is Kiwanis Topic

A St. Louis police lieutenant who serves with the St. Louis narcotics bureau spoke on "Youth and Drugs" at a weekly meeting of the Kiwanis Club Monday and stressed that 90% of the drug traffic is in the middle and upper income families and not with the ghetto or slum area teenagers.

He added high schools there are experiencing real problems with drug sale contacts being made in the schools, the peddlers being other young people. As yet, he said, there has not been any evidence of students being under the influence of drugs while attending school.

The lieutenant stressed the rate of drug crimes is increasing and has doubled in the past year. "An alarming fact," he stressed, "is young people taking one kind or another drug in the 14 to 17-year age bracket."

The club's business session was conducted by Ed Moore, president. He announced the family barbecue held at his clubhouse Sunday on the Illinois river was attended by about 160 members and guests.

Twenty-eight members were in attendance at the meeting and discussed a booth for the United Fun Fair this weekend. Norman Hall, chairman, explained the booth will feature a batting game with a whistle ball.

Inter-club attendance was by four members of the Bunker Hill club.

Crash on Benton Street

An auto operated by Sharon F. Howell, 2202 West 20th street, traveling south in the 1900 block of Benton street at 1:30 p.m. Tuesday, was involved in a collision with a vehicle driven by Frank M. Adams, 2121 Ohio street, which was pulling away from the curb.

GC Council Buys Property for Metered Parking Lot

Purchase of the metered downtown parking lot along Edison avenue off 10th street was approved Monday night by Granite City council members.

The price of \$40,140 is to be paid from parking meter revenue and an allocation of \$125 a month by Downtown Granite City, Inc., retailers. The monthly payments are to be \$329 with payments to be made to the property trustee, the Granite City Trust & Savings Bank.

An ordinance and purchase contract had been placed on first reading last week and was given final approval at this week's session. The payments are to be made over a period of 15 years, and the interest rate is 6%. The lot has been in operation for several months.

Council members agreed the lot is beneficial to the business district and would be a part of the major rehabilitation program now being developed by the retailers. "We've got to consider that the business district is a high tax area and that the retailers are planning to go on the street and proceed with other improvements," Nann said.

Crossing Repairs, Lights

In a wide variety of business, the council, at Alderman Green's urging, authorized the mayor to again call for repairs to railroad crossings, and steps were taken to try again to install street lights in easements in the Nameoki area.

Alderman Boler pointed to the high burglary rate in the Nameoki area. "The burglars lurk in the dark easements. What we should do is install a street light under the agreement with Illinois Power Co. at the end of each easement and then arrange at regular rates for one light to be placed in the middle of each easement."

Robertson called for more than one light in the easements. Under the agreement with Illinois Power Co. the city orders one street light installation for which it pays and the company provides one without charge. However, in easements, the city would be required to pay for all lights.

City Atty. Scroggins was asked to provide a cost figure at the next council session. The council also reaffirmed its request for the city attorney to prepare a uniform traffic code, estimated to cost \$5000. The code would be similar to the state regulations and at least \$2500 federal funds would be available. With the code, the city would be able to retain a

No-Parking Zones Planned

Ordinances are to be prepared for no-parking zones on three side streets off Nameoki — Lincoln street, East 24th street and Edwards street — to provide better vision at the intersections, and for stop signs to be placed on Denver street at Nevada avenue and on Indiana avenue at St. Paul avenue.

Alderman Rutledge asked Street Supt. Warfield to remedy a dust condition in the alley between East 27th street and Kirkpatrick Homes, where a storm sewer trunk line was installed. The alderman noted that the alley is being used as a thoroughfare and asked Warfield if steps could be taken to install barricades to prevent motorists from taking shortcuts through the old cemetery.

Warfield also was asked to inspect all streets where storm sewer lines are installed to determine if they have been properly restored. The deadline for the contractor to complete repairs is Oct. 15.

Alderman Dawes reported he is receiving complaints concerning the delays toward completion of Waterman avenue improvement project. "I know that strikes are the cause, but the people are forced to park

blocks away from their homes, and thieves are stealing batteries and tires from the cars. I hope the street can be finished before winter," Dawes added.

Police Car Bids

Two bids were accepted for the police department canine corps and for a new car for the fire chief.

Police Committee Chairman Poulos recommended the council accept the second low bid from a local dealer, rather than buy the patrol wagons from an East St. Louis firm. The wagons are to be purchased from Matthews Chevrolet for \$3407. The low bid was by Broadhead Ford of East St. Louis, \$3345. Poulos pointed out he favored purchases from local tax-paying firms, and that it would be costly and inconvenient for police officers to take the cars out of town for servicing. Nann objected to the procedure.

Matthews, with a figure of \$2250 also was low bidder on a new car for the fire chief.

Two bids were opened for fire hose and were referred to Fire Chief Cronanberry and the committee. Fabric Co., Sandy Hook, Conn., bid \$12.24 a foot for 1500 feet of 2½-inch hose and 88 cents a foot for 500 1½-inch hose. Bids by a St. Louis firm, L. M. Ellebracht Co., were \$1.34 and \$1.29.

Trap Shoot Contest

Tie is Broken

A tied score of 46 hits for 50 tries, forced a shoot out in which Gordon Gale won over Paul Jamerson in the Granite City Steel Gun Club's annual trap shoot, it was determined today.

Gale also had the best overall score with the same score. Miss-out-winner for the first 25 shots was Claude Huffman with 19 successes and second 25 miss-out-winner was Gary Anderson with 22 hits.

Owen Davis with a 38x50 score was best among "the old timers."

Carpenters Revise Contract Demands

Revised contract demands by striking carpenters affiliated with the Madison county and Tri-Counties district carpenters councils have stalled progress in negotiations with representatives of the Southern Builders Association, it was reported today as both sides prepared to resume contract talks.

Members of the two large carpenter unions, the only craftsmen still without a new working agreement, went on strike Sept. 17 after a six-week contract dispute.

The SIBA and the Ironworkers and Cement Masons Union agreed on new contracts two weeks ago. Following a negotiating session last Friday which one SIBA official described as "progress in reverse," it was the state regulations and at least \$2500 federal funds would be available. With the code, the city would be able to retain a

three-year period, with \$1.15 of the increase effective and retroactive to last Aug. 1, another \$1.15 effective on Aug. 1, 1970, and the remaining \$1.15 effective Aug. 1, 1971. The contract would expire July 31, 1972.

Reject 4-Year Pact
The union also has rejected any consideration of a four-year contract, it was said. Another negotiating session is scheduled today.

In addition, the carpenters are reported demanding that premium pay for foremen be increased from 37.5 cents per hour to 50 cents per hour and that premium pay for a general foreman be increased from 75 cents to \$1 per hour.

The carpenters also are requesting that the premium for handling creosote or other chemically treated material be raised from 25 cents to 35 cents per hour.

Other demands include the requirement of a helper with each burner or welder with a premium for the welder or burner of 25 cents an hour; and that any pile driving crew consist of a minimum of five men on land and seven on water. The requests provide that the pile driver working leads shall receive a 25 cent premium and the pile driver sticking sheets over 35 feet shall receive a 25-cent premium. This demand also provides that where pile is being driven there will be no welding, burning or cutting or any other work performed not pertaining to the driving of pile.

Other proposed Carpenter demands would prohibit use of prefabricated material unless employer and union have negotiated a premium rate for installation of prefabricated material to compensate for the loss of earnings caused by the local carpenters by prefabrication.

Premium for Stewards
Stewards also would receive a 25-cent per hour premium and a steward would become non-working after 25 or more carpenters are hired. Paid holidays sought in the contract are New Year's Day, Memorial Day, Fourth of July, Labor Day, Armistice Day, Thanksgiving Day and Christmas Day. They also seek a non-flexible lunch period from noon until 12:30 p.m., providing that if workers are required to work

Amsted Combining Stability With Growth

(Last of four articles on Amsted Industries, parent company of the American Steel Foundries.)

The closing years of the present decade have brought Amsted Industries to its present dimensions.

From its 39 plants in 16 states and Canada come products which touch the lives of nearly everyone... pipe to bring water into homes and factories, transportation equipment, wire rope for construction and general industrial use, protective coatings for oil and gas pipe lines, roller chains and sprockets for mechanical power transmission, and precision machine tools.

There are new growth areas, too, like components made out of powder metal and pre-coating of sheet steel that goes into appliances, metal furniture, and even the dashboard of a car.

In the fiscal year ended Sept. 30, 1968, Amsted's products for construction and building accounted for \$75,300,000 in sales, while items for general industry brought in \$75,900,000. Railroad equipment added another \$82,000,000 for a total of \$233,200,000 in the 12 months, an all-time record.

This year, sales are expected to top the \$260,000,000 mark for another record. Amsted has come far from its beginnings as a small group of steel foundries.

Three Major Acquisitions

In the 16-month period from December 1966 to May 1968, Amsted made three acquisitions which contributed greatly to this recent growth in sales. The companies purchased were Litho-Strip Corp., Chicago; the Macwhitty Co., Kenosha, Wis.; and Burgess-Norton Manufacturing Co., Geneva, Ill. Together they added more than

\$60,000,000 a year to Amsted's volume.

These acquisitions had several aspects in common. They were all made for cash.

Since no additional shares of stock had to be issued, this meant that all three companies contributed immediately to Amsted's per-share earnings.

In addition, all three had products which served many industries, thus further broadened Amsted's earnings base.

Of equal importance, they all had product lines which held great promise for the future.

Litho-Strip was the first to be added, and it serves the rapidly expanding field of pre-coating metal.

Pre-Coating Process

To understand pre-coating, let us visit one of Litho-Strip's four plants. Here, heavy coils of sheet steel or aluminum are delivered directly from the mills.

The coils are unwound and move through huge machines assembling printing presses. The machines apply painted coatings to the metal in any color the customer requires and even can register print on the metal itself.

The coated metal is recoiled and shipped to manufacturer who turn it into a variety of household and industrial items including building materials, furniture, television cabinets, caps for aerosol spray cans, table and counter tops, oil filters, business machines and mobile homes.

The company also laminates plastic films to metal, and it is quite possible that the wood grain panel across the dashboard of your car is really a plastic laminate from Litho-Strip's Chicago plant.

The business of pre-coating is expanding at a fast pace as manufacturers discover it is far less costly to buy pre-coated metal than to set up elaborate painting facilities for their own finished products.

In August 1967, wire rope was

added to Amsted's bulging list of products through the acquisition of the Macwhitty Co. It is one of the nation's major manufacturers of wire rope products, and its marketplace is as broad as industry itself.

Wire rope is used on construction jobs, in mining, logging, quarrying, and oil well drilling.

Nearly all factories have wire rope in overhead cranes and hoists. Wire cable lifts people in elevators.

Aircraft cable from Macwhitty serves reliably on jetliners and small private aircraft. On the water, the company's cable is used extensively in merchant shipping and for sailboat rigging.

Powder Metal Parts

Burgess-Norton Manufacturing Co. joined the Amsted family of companies in May 1968. Its sales were more than \$20,000,000 a year and its sales and earnings are rapidly increasing.

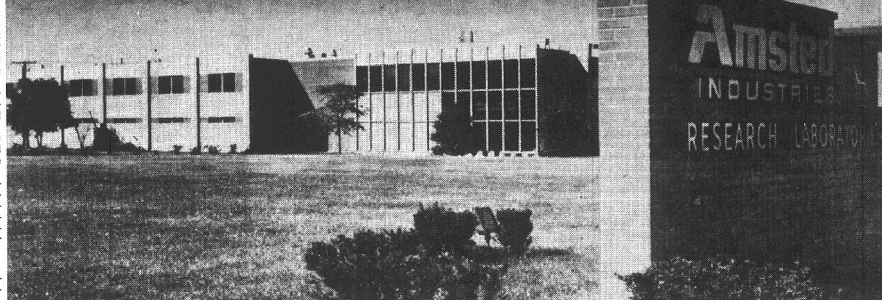

The primary product line is piston pins for trucks, buses, construction equipment, and farm vehicles. However, powder parts production is rapidly expanding, with an annual growth rate of more than 20% a year.

Powder metal is a relatively new metalworking technique. It involves the compacting of metal powder into parts of intricate shapes.

This is done in large compacting presses which exert forces of up to 1000 tons. The part is then sintered in furnaces to bond together the contacting surfaces of the metal particles, and there is no scrap. Often, a part can be produced at half the cost of machining it.

Purchases This Year

This year, two smaller acquisitions were completed. In January, Amsted purchased Standard Automotive Parts Co., a Muskegon, Mich., producer of automotive components such as rocker arms and valve bodies. It became a subsidiary of Burgess-Norton.

AMSTED RESEARCH Laboratories, the corporate research center of Amsted Industries at Bensenville, Ill. In this complex, the company is working on new products and processes to help it

meet the challenges of the 1970s. Amsted has sales of more than a quarter of a billion dollars a year, and about 11,000 people are employed in its 39 plants.

use in the steel industry.

The process is Controlled Pressure Pouring, described more fully in the second story in this series. Under license agreements from Amsted, it is now being used to produce steel slabs by four U. S. steel companies and two steel firms overseas.

Using the process to directly cast molten metal into slabs eliminates such now common steelmaking steps as ingot casting, soaking pits, and primary rolling of the ingot.

Royalties from the process added about 20 cents a share to Amsted's earnings in fiscal 1968.

Amsted Research Laboratories also are working on products and processes in other areas, such as plastics and ceramics.

Foreign markets have not

been neglected. Under licensing

arrangements negotiated by Amsted Industries International, the company's products are manufactured overseas by more than 25 firms.

Decentralized Management

To manage a company with such diverse interests is a major challenge. To help meet it, the company's board of directors made an important decision in January this year.

Joseph B. Lanterman, who had been president since 1959, was elected chairman of the board. He continues as chief executive officer. Goff Smith, executive vice-president since 1966, was elected president and chief operating officer.

As Lanterman announced at the time, this move will "provide for maximum efficiency at the top management level as Amsted continues its substan-

tial growth pattern."

Amsted's overall management philosophy is based on the concept of decentralization.

This means that the company's administrative group at Chicago corporate headquarters provides overall policy direction and coordinates the resources of the total organization.

At the same time, each of its 10 operating units has its own president and management group responsible for local operations and profits.

Efficiency With Diversity

"This form of decentralization is both necessary and highly efficient because of Amsted's wide diversity of products and the geographical spread of its plants," Smith, the new president, reported.

"Decisions can be made fast. Because they are made by

men close to the marketplace,

they accurately and quickly reflect customer needs," he added.

This philosophy also helps the company develop new management talents.

"Because responsibility and authority are delegated to the lowest possible levels in the organization, future managers are given more opportunity to reach their fullest potential," Smith said.

Lanterman noted that Amsted's keynote for the 1970s will be more sound expansion.

"Our company can best be described as one with great stability coupled with excellent growth potential," he said.

"We're well grounded in our basic product lines, but we have the resources to step into many additional fields."

Challenger, Other Dodges For 1970 Now on Display

The newest Dodge is the Challenger.

Jack Smacker of Granite City Dodge at 1911 Madison avenue said, "The Challenger is the most versatile and attractive car, offering the widest choice of luxury and performance options in its class."

The Challenger styling theme is related to the successful selling Charger. Engine selections include a 426 cubic-inch displacement Hemi, with a functional "shaker" air scoop and a "six-pack" consisting of three two-barrel carburetors.

The front end of Polara and Monaco has been lengthened three inches and the rear end shortened four inches, giving the cars a longer, lower look.

Installed in more than 11% of Polara and Monaco cars is a "super-lite," designed to bridge

the gap between conventional high and low beam lights in providing an intense, controlled beam of light without causing excessive glare to oncoming cars.

A lane change turn signal is new for 1970. When the turn signal lever is pressed lightly, the signals will flash only as long as the lever is held.

An optional "Rum Blow" steering wheel horn switch improves visibility of the instrument panel by removing the standard horn ring.

Most engines have reduced hydrocarbon emissions due to a heated air inlet, which permits leaner fuel-air mixtures.

A headlight turn-off 90 second delay and a steering and transmission linkage locking device, are available.

Tri-Hi-Y Club Names Evans 'Alpha Duke'

The Alpha Phi Tri-Hi-Y Club has selected Dave Evans, co-captain of the Granite City high school football Warriors, as "Alpha Duke," an honorary title bestowed by club members upon an outstanding youth whose qualities include sportsmanship, leadership and personality.

The YMCA high school age youth club confers the "Alpha Duke" honor on three young men each year. Seven or eight candidates are nominated by members, with a general vote taken to select the winner, according to Polly Glosceki, president.

Evans, the son of Mr. and Mrs. David Evans of No. 6 Bermuda lane, is a three-year letterman in football and baseball. The first-string quarterback of the GCIS gridiron team, he scored the Warrior's only touchdown against Stephen Decatur high school last Friday night.

About 30 Alpha Phi members meet each Monday evening at the YMCA. At this week's meeting, the group elected to sell tickets for the Tri-Cities United Fund "Fun Fair" event Saturday and Sunday at Wilson Park Ice pavilion.

Major in Foreign Agriculture Approved

A proposed course of study offering a major in international agriculture through the Southern Illinois University - Southern campus School of Agriculture has been approved by the SIU board of trustees and now goes to the state Board of Higher Education for consideration. It needs the state board's approval for implementation.

The result of extended study by a School of Agriculture committee of faculty members with experience in foreign educational assignments, the proposed curriculum is intended to benefit students interested in serving with private firms and governmental or voluntary agencies in foreign countries.

Financial Awards Won By Two Local Students

Two Granite City students are among 11 at Southern Illinois University - Southwestern campus selected to receive financial awards by the university scholarships and loan committee.

They are Richard Duft, 3104 Willow avenue, and Mrs. Joyce Wides, 2913 Village lane. Duft received A. O. Smith Corp. award and Mrs. Wides the Owen Jacquemin Sullivan award.

Financial assistance from five private sources in the area have been made available to students who receive a maximum of \$500.

The other awards, administered by the SIU-SW Foundation, include the Madison student loan, Joseph and Martha Massa award and Sav-Mart stores award.

Choral Society Begins Rehearsals at Campus

Rehearsals began Tuesday for the SIU-SW Community Choral Society, directed by Leonard Van Camp, head of choral activities.

Membership in the choral society is open to any metropolitan area singer willing to attend rehearsals regularly. Van Camp said. Rehearsals are held from 7:30 to 9:30 p.m. each Tuesday in Room 1402 of the Pack building.

Exceptional high school age singers are welcome, but the group is designed primarily for adults and university students. One quarter hour of academic credit per quarter is offered for those enrolled through the registrar's office.

Performances scheduled this year include Verdi's Requiem with the St. Louis Symphony on May 22 and 23. The group will also perform with the SIU-SW Chamber Orchestra on Dec. 7.

Allen to Hold Art Exhibit at SIU-SW

Robert Allen, 3402 Franklin avenue, now teaching art at Collinsville high school, will have a graduate exhibition as partial fulfillment for his master of fine arts degree at the SIU-SW campus on Sept. 28 through Oct. 31.

Allen will have a pottery exhibit of about 100 original designs on display at the Lovejoy Library. A reception will be held from 2 to 4 p.m. Sunday to open the event. The public is invited to attend.

A graduate of Granite City high school, Allen received his bachelor of science degree from SIU-SW and his master of science from Illinois State University at Normal. He expects to receive his MFA in December from the local university.

He is married to the former Judith Loftus of Granite City.

CAP Cadet Exchange

Pulaski's Experiences Of Jamaican Trip Told

"Jamaica is a country of many contrasts, with slums located next to residential neighborhoods and modern living conditions intermingled with the native way of life."

This is the opinion of Bradford Pulaski, son of Mr. and Mrs. Frank Pulaski, 3241 Colgate place, a Civil Air Patrol cadet who spent about three weeks during July and August in Jamaica as part of the 1969 International Air Cadet Exchange.

BRAD PULASKI

His journey to Jamaica began on July 20 when the American cadets, bound for various destinations throughout the world, met in Washington, D.C. Here Pulaski toured the Capitol and the White House, meeting congressmen from Puerto Rico and Hawaii.

Stay at Homes

Conditions improved when the cadets were put in the homes of private citizens. Pulaski's host was Al Nakash, a native Canadian, who was part owner of a general contracting firm in Kingston. According to Pulaski, this was one of the more enjoyable segments of the trip, as

the Nakash's home came complete with four servants, a swimming pool and a yacht.

The next stop was Moneague, a camp where cadets from various locations, including Canada and Barbados, stayed for two weeks. Pulaski described a typical day at the camp.

"Everyone arose at 5:30 a.m., after which there was a vigorous program of physical training, followed by breakfast. The rest of the morning was

spent in classes on basic rescue and first aid."

Lack Electricity

"After lunch there were more classes and a recreation period, which usually consisted of swimming. Following supper most of the cadets retired to their tents because of the early darkness and a lack of electricity."

While at the camp, the cadets enjoyed visits to Montego Bay and Ocho Rios (two resort towns), a tour of a bauxite mine, a climb up 3000 foot Mt. Diablo and a chance to pilot some aircraft.

Another highlight of the trip was the opportunity to hear Julian Bond, a Negro U.S. congressman, address a Kiwanis Club luncheon in Kingston, Jamaica, and a chance to pilot some aircraft.

Some unpleasant experiences were also had by the cadets. The mosquitoes were unbearable, according to Pulaski. He also reported an early morning tussle with a scorpion, that had decided to inhabit his shoe during the night.

Rescue Two Cadets

In addition, the cadets had a chance to put into practice their life-saving training, as Pulaski and another cadet rescued two members of their party from a near drowning.

The journey home included a stop in Panama before returning to Washington, D.C. Pulaski arrived in Granite City on Aug. 15.

According to Pulaski, the most noticeable adjustment to be made in Jamaica concerned the diet. For instance, some common foods included curried goat, ackee (a plant which looks like scrambled eggs) and mangoes. Jamaicans also like their food highly spiced.

The cadets had to become accustomed to driving on the left side of the road and to the monetary system, which is based on the English pound. In general, they found the natives friendly, with no noticeable feelings of racial prejudice, even though Jamaica is predominantly Negro.

Lower Standards

Pulaski agreed that "the Jamaican standard of living is lower than the American, and stated that some of the Jamaican cadets thought that the conditions in the camp were better than they were used to at home."

Pulaski was one of 200 chosen to make the exchange trip after an interview in Chicago last January. Seven from Illinois participated in the foreign exchange. Requirements included letters of recommendation from a teacher and a minister and possession of the Billy Mitchell Award, which is equivalent to attaining officer's rank in the Civil Air Patrol.

A graduate of Granite City high school, Pulaski is a student at Southern Illinois University-Southwestern campus.

Dean of New SIU Medical School Named

A University of Chicago medical administrator and educator has been appointed dean of Southern Illinois University's new School of Medicine at Carbondale.

He is Dr. Richard H. Moy, director of the student outpatient clinic at Billings Hospital, University of Chicago Medical School. The 38-year-old Dr. Moy is an associate professor of medicine in the school's division of biological sciences.

Dr. Moy, who grew up in Naperville, will be in charge of the state's newest medical degree program, one that is designed to produce 50 physicians a year beginning with the first anticipated graduating class in 1976.

Clinical training and internship facilities will be located at an SIU medical center in Springfield, within Springfield Memorial and St. John's hospitals there. A joint board of trustees, representing board members from SIU and the two hospitals, selected Dr. Moy for the new position.

Danforth Cancels Plans To Speak at McKendree

Atty. Gen. John C. Danforth of Missouri has notified McKendree College that he will not be able to speak at the dedication of the Holman Library next month as planned.

In a call to McKendree president Eric N. Rackham, a Danforth aide indicated that "pressing problems," including a special session of the state legislature, will prevent him from speaking Oct. 17 at Lebanon. The college is proceeding with plans for the dedication and will make additional announcements later.

NROTC Exams to be Conducted on Dec. 13

The 24th annual national competitive NROTC examination will be given Dec. 13, with applications to be submitted before Nov. 19.

The regular NROTC program offers an opportunity for a young man to gain a regular commission while studying at one of the NROTC colleges and universities.

The Navy furnishes tuition, fees, books and uniforms plus a subsistence allowance of \$50 per month to NROTC midshipmen. Each summer the midshipmen participate in at-sea training periods.

After completing his college course and all military requirements, a midshipman is commissioned as a regular officer in the Navy or Marine Corps and goes on active duty with the operating forces.

The program is available to male high school seniors and graduates who will have reached their 17th but not 21st birthday by July 1, 1970. Those who make a qualifying score in the Navy college aptitude test will be interviewed and given thorough medical examinations early in 1970.

About 1700 young men from these remaining in competition will be selected to attend college next September. Full information and forms are available from high school counselors and Navy recruiting stations.

You'll have a hard time finding a wagon as easy to get into as a 1970 Chevrolet.

Try it sometime. Climb into any other wagon, then climb into one of ours. Chevrolet wins in a walk. With a dual-action door that swings open without any jutting hinges. With a rubbered stair built right into the bumper. With a roof that slants thoughtfully forward so you won't hit your head. We've got eight models this year, all with an Anti-theft steering column lock, steel side guard beams. Full Coil suspension. Body by Fisher. Engines by Chevy. And an awful lot of room. 4 Granite Cityans on Teaching Internships

Illinois State University has announced that 400 students in professional education are undertaking their teaching internships in more than 350 schools throughout Illinois. Included are four Granite Cityans.

Dr. Cecilia J. Lauby, head of the Department of Professional Laboratory Experiences, said the program involves student teaching, observation, participation, studies of individual pupils, and research. Professional Laboratory Experiences prior to the internships themselves are usually integral parts of specific college courses.

Hundreds of public school and university staff members are assisting with the supervision of student teachers this fall.

To qualify for teaching internships, a student in a teacher education major field must have earned at least 90 hours of college credit; have at least one semester's work in residence at ISU (Bloomington-Normal), except in special education where eight semester hours in residence are required; and have satisfactorily completed courses which precede student teaching.

The usual pattern is to assign a student to a school for nine weeks, when he does fulltime student teaching. During this period, he works with a supervising teacher and literally becomes a member of the school staff and community in which he is working. In addition to his teaching, he takes part in co-curricular and community activities.

Students on teaching internships for the first nine-week term of the first semester include:

Sandra Carlile, 2940 Grand avenue, teaching elementary education in the Memorial school, Taylorville.

Gail Hamilton, 2651 Lincoln avenue, teaching music in the Geneva high school.

Diane Tadlock, 1517 St. Clair avenue, teaching English in Springfield Lanphier high school.

Melvin Wheeler, 3945 Ponton road, teaching industrial arts in Springfield Southeast high school.

Charles Youngs Teaching Science at Mt. Carmel

Charles R. Youngs, a son of Mr. and Mrs. Charles A. Youngs, 2241 Washington avenue, is a member of the faculty of the Mt. Carmel, Ill., high school as a science instructor.

He is also teaching evening classes this fall at Wabash Junior College there and is directing a play to be presented by the Little Theatre group of which he is president.

Elks Lodge to Present \$6050 Gift to Hospital

Physical therapy equipment, costing \$6050, primarily designed to alleviate the suffering of burn and accident victims during removal of dressings from mutilated skin areas, will be donated to St. Elizabeth Hospital by the Crippled Children's Committee of Granite City Elks Lodge 1063.

Announcement of the gift was made Tuesday evening by Paul J. Edmonds, Crippled Children's Committee chairman and Past Exalted Ruler of the local Elks' lodge, who reported for the committee at a regular lodge meeting.

Edmonds said a check for \$6050 to purchase a Hubbard tank will be presented to Sister Mary Thomas, St. Elizabeth Hospital administrator, next Tuesday morning.

The special apparatus, manufactured by the El Co., holds 500 gallons of water or prescribed solution, and is large enough to permit a patient on a stretcher to be placed inside for treatment.

Miss Jacqueline Haug, a physical therapist at the local hospital, said the most type of heat produced by the equipment is extremely beneficial, especially to burn victims.

The size of the Hubbard tank allows the patient to be submerged and soaked in the contents, either water or a solution preferred by the attending physician, prior to removal of gauze dressings, a process usually very painful and sometimes

damaging in cases involving severe burns, she pointed out.

Persons injured in automobile accidents, arthritic patients and fracture cases, specifically fractures requiring lengthy periods of immobility in casts, also can benefit from the new equipment, the therapist explained.

Miss Haug said the swirling motion of the water inside the

Hubbard tank is both invigorating and conducive to healing stiffened muscles and joints. She noted that the buoyancy produced by the liquid contents enabled injured extremities to be moved more easily because of muscle relaxation.

The funds provided by Granite City Elks' Lodge 1063 purchase of the equipment result from private donations within

the organization and not from public fund-raising events, Edmonds said.

Members of the Elks' Crippled Children's Committee include Past Exalted Rulers, Paul H. Lichtenberger, who serves as committee secretary, and Charles A. Lybarger; Dr. W. W. Bowers, Jack Reese and Vincent Bischof, current Exalted Ruler of the local lodge.

Underground Storage Of Gas Is Explained

Kenneth Roberts, supervisor of the gas supply of Illinois Power Co., was the guest speaker at the Tuesday noon meeting of the Granite City Rotary Club and was introduced by Carl Matthias, club president. Roberts explained the operation of the underground storage facilities for natural gas and said that during a ten-year pe-

riod, 1958-1968, the use of natural gas increased from 187 million cubic feet to 542 million.

This increase required considerable underground storage, with the build up taking place during the summer months in preparation for the colder months of winter. During the winter, the storage reserve is used along with the gas from

the power company owns five. They must be located by drilling in specified types of rock bed for formation of a type of cavern which can be used safely for storage. The speaker illustrated his talk with slides.

Eugene Coe gave a report taken from the Rotarian, the International Rotary magazine, illustrating the September issue.

Next week, Harold Brown, superintendent of parks, will be the featured speaker.

United Fund Keeps Costs Low, Uses Revenue Efficiently For Character Building, Aid and Health Services

(Tri-Cities Area United Fund)

What is the United Fund? How much does the United campaign cost?

A local non-profit organization formed for united community action toward elimination of duplicate fund campaigns and more adequate financing of the voluntary charitable, health, welfare and character-building services.

It is aimed at consolidating many local and national services into one federated fundraising effort. The united campaign raises funds for 19 organizations which would otherwise conduct separate campaigns.

Who runs the United Fund? A volunteer board of directors consisting of 63 persons from all facets of the Quad-City area. The directors serve without pay.

The entire framework of the United Fund is to build upon volunteer effort. The 19 individual organizations are governed by volunteer boards of directors, which set all policies.

The planning processes are carried out by volunteers. The budgeting process involves over 200 volunteers who make decisions on the allocations of funds contributed to the United Fund.

Members of the Board of Directors of the Tri-City Area United Fund are:

H. D. Karandjoff, president; George Becker, vice-president; Leo Koenig, vice-president; George Eubanks, secretary; Melvin O. McKay, treasurer.

Al Amund, Dr. W. B. W. Bowers, Porter Cawley, Bobby J. Davis, J. S. M. Dushoff, Edward L. Hagnauer, John Haynes Jr., Paul J. Kemp, Oscar L. Hampton.

Dr. John E. Lee, Richard Lich, Roy Logan, Stephen Maeras, Rev. Martin Mangan, Edwin F. Reiske, A. P. Steinhauer, Robert Vickers, Archie White, George Amick Jr., John D. Bartels, Harold C. Fisher, Wilfred F. Hoelscher, William F. Hoelscher, Wade E. James, Arthur R. Koerper, Mrs. Mary Morrison, M. F. Smith, Vincent Lohmann, M. B. Miloski, Ralph Morris II, Edgar Patrick.

Richard G. Roberts, Dr. Roseman, Alex Skubish, Rev. Paul R. Surbey, Billie H. Terrell, Rev. Thomas Treese, Mitchell Aramowicz, James Arnett, Carl Baczinas.

Chester L. Baker, C. E. Blankenship, John Blinn, Lenore Crocker, Joseph C. Galt, Wilson Dowell, Charles Baricovic, Homer Huber, Howard Kaseberg, Dr. Felicia Koch, Carl E. Mathias, Charles Meyer, Everett Morlen and Harry Wolf.

What agencies are eligible for membership? The Tri-Cities Area United Fund believes in the "open-door" policy.

Any agency that is providing health, welfare or recreational services is eligible, providing that it is governed by a volunteer board of directors, is not duplicating an existing service, and will submit to a detailed study of its organization and operational programs.

In addition, the agency must agree to United Fund budgeting procedures.

Why aren't all drives included in the United Fund? All eligible non-profit, non-tax supported health, welfare and character-building agencies are invited to join the United Fund but a number of organizations do not participate in it—some because their national headquarters insist that local representatives run their own campaign—some because they cannot meet the United Fund's strict requirements in budgeting, management and programs.

Givers who want fewer appeals can help promote federation by adequately supporting through the United Fund, those organizations who are willing to unite in a single annual campaign for funds.

How much does the United campaign cost? Approximately 3% of the dollars raised is utilized in direct campaign expenses, such as printing, advertising, etc. This low percentage is well below the cost of other separate campaigns, whose costs often soar to 50% of the money raised.

The low percentage for campaign expense is made possible by the hundreds of volunteers who work for the United Fund and the member agencies.

By combining 19 drives into one campaign, duplication is eliminated and overhead expense is greatly reduced.

It is really true that by giving to your United Fund campaign, you gain access of the maximum amount of contributor dollars for the needs of community services with a minimum expended in direct fund-raising costs.

Who benefits? GIVERS—who want to give once and for all, who want to be sure their money is going to the community, who want more direct contact with the work of 19 separate contacts.

AGENCIES—which receive better support through a united effort.

PEOPLE—who use the agencies and receive the benefit of the funds freed from fund-raising work.

THE AREA—which receives the benefits of an overall budget-study and allocation of funds according to community priorities.

Who is eligible to receive service from United Fund member agencies? Any persons living or working in the Tri-Cities United Fund area.

A phone call may make the difference when you are faced with a problem. The trained staff of one of the member agencies may be of real help to you in solving it.

For information and referrals, phone the United Fund office at 874-6100.

19 United Fund Agencies Asking Public to Attend 'Fun Fair,' Support Fall Campaign

This could be the year of the breakthrough. Many people who have given only sparingly to the local United Fund are planning more generous contributions this fall. Society has been active supporters in the past also are making plans to increase the level of their giving.

What is taking place is growing recognition that the United Fund is not just an intangible symbol but 19 living, breathing organizations which play a daily role in the lives of Quad-City workers, youngsters, heads of families, housewives, grandparents, newcomers, oldtime residents and everyone else who comes in contact with the community during part of the day or on a 24-hour-a-day basis.

Helping mightily to get this point across is the "Fun Fair," which will be held from 1 p.m. to 9 p.m. Saturday and Sunday at the I. M. C. Center in Wilson Park.

There will not be any ice skating this weekend, but just about everything but skating has been scheduled for the entertainment of all who attend.

The 53 booths, plus the rides, entertainment and free souvenirs, will provide a lot of fun and also enable the public to become better acquainted with the people who supervise and operate United Fund agencies. Proceeds will go to the UF to help put the new fund drive over the top.

The roll call of participating agencies is one in which all can take pride because their services and finances are handled efficiently, with full assurance that a full dollar's value is being obtained for every dollar contributed.

The list consists of the Alcoholics Rehabilitation Community Home, American Social Health Association, Arthritis Foundation, Boy Scouts, Quad-City Catholic Charities, Coordinated Youth Services, Family Service Agency of Southwest Illinois, Fraternal Society of Retired Members, Girl Scouts, Granite City Association for Retarded, Health Services, Madison Children's Home and Adair Society, Madison Teen Town, Protestant Welfare Association, Red Cross, Salvation Army, United Service Organizations (USO), Visiting Nurse Association and YMCA.

Each of these agencies is urging Quad-Cityans to attend the "Fun Fair" and to pledge a fair-share contribution to enable the 19 programs to continue during the next year.

The need is great. So is the interest of local families, employees, business organizations in maintaining the kind of satisfying, creative community life that United Fund agencies have done so much to make possible here.

People frequently want to know what their responsibility is. The following is a fair guide to assist in answering this question.

Tax Rules Regarding U. S. Bonds

(Internal Revenue Service)

Q. I'm buying U. S. Savings Bonds to help pay for my son's education. Can I arrange this so that I don't have to pay tax on the interest?

A. The interest earned on a savings bond should be reported by the owner of the bond. If you purchase the bond in your child's name as owner, then any tax liability will be his. Unless the interest earned on the bonds and his other income amounts to \$600 or more for the year, no return need be filed by him.

If you have your child elect to report the bond interest each year rather than wait until the year they are cashed in, the year your child should file a return showing this bond interest the first year you start the plan.

No further return will be required until the child has \$600 or more income a year. Keep a copy of this first return to show that an election has been made to report the interest on a yearly basis.

This transaction is a gift to your son. If you give more than \$600 in him during the year, you must file a federal gift tax return.

Political Prospects Becoming 'Topic A' In Illinois; Stevenson May Oppose Smith

Politics is an absorbing topic to far more people than the active practitioners. A case in point is the current election outlook in Illinois, where the reshuffling resulting from the death of Sen. Dan Rostenkowski has caused intense speculation among officials and citizens.

Adding to the interest in the Quad-Cities is the fact that two of the principals, new U. S. Senator Ralph T. Smith and Lieutenant Governor Paul Simon, are residents and products of the local representative and senatorial districts. Others, including State Treasurer Adlai Stevenson III, U. S. Senator Charles Percy, State Auditor Michael Howlett and Governor Richard Ogilvie, have appeared locally and are well known here.

Further spice is added by the presence of three from each party among the six just named, and the recollection that Illinois voters exactly split the ticket last fall. Nobody is a sure winner; all would have to "run scared."

Many versions of what may happen are being voiced, but the consensus among veteran state observers currently pairs Smith (R) and Stevenson (D) for the Senate in 1972; Percy (R) and Simon (D) for the Senate in 1972; and Ogilvie (R) and Howlett (D) for governor in 1972. The Republican incumbents are fairly safe bets to seek re-election, Simon says he will run for either senator or governor, but not lieutenant governor again; Stevenson cannot succeed himself next year; Howlett is eager to succeed the gubernatorial race after three effective terms as auditor.

Stevenson has publicly condemned Chicago Mayor Daley's domination of Illinois Democrats, but the mayor attended, smiled, shook hands and spoke at a Libertyville rally arranged by Stevenson this month.

The theory is that by backing Stevenson next year for senator, Daley will be able to call on liberal Democratic support in the 1971 mayor election. Daley and Howlett are thought to get rid of each other by running together. "I think him upstairs," to service in Washington if he defeats Smith or political oblivion if he loses.

A new development is that Simon has just been named to the 20-member Policy Council executive committee of the Democratic national party, even though it is Stevenson who has the closest ties to the 1968 Presidential nominee, former Vice-President Hubert Humphrey, policy council chairman.

If the pairings develop as is being predicted, Senator Smith will be able to make the valid claim next year that election of his opponent would give Illinois two northern senators rather than the traditional Cook county-dominated division.

This issue would appear to give Smith an edge. But as the only one of the six political figures who has not yet been a statewide candidate, he will need to visit as many areas of Illinois as his Senate duties will permit in order to develop a statewide following.

When presenting one's candidacy to the public, the Illinois constitutional convention delegates voting Tuesday, we are happy to see all four emerge victorious in the primary. Next will come the general election, in which this group of two in the runoff election of delegates Nov. 18.

As had been feared, participation was light, including 2587 local voters, 7% of the potential Quad-City turnout. The turnout was low because everyone would be greatly affected by updating of the century-old state constitution.

Further spicing of the election is the prospect of what is taking place is to be brought home forcefully to the public. Local-level taxing agencies perhaps should accelerate their "concrete" public improvement efforts, since they as well as the state government are likely to be dealt with extensively in the proposals for new constitutional wording.

Four Capable Delegate Candidates Chosen in Light 'Con Con' Voting

Having endorsed Mrs. Doreen Young, Ray Johnson, Luntz and a group of four, the Illinois constitutional convention delegates voting Tuesday, we are happy to see all four emerge victorious in the primary. Next will come the general election, in which this group of two in the runoff election of delegates Nov. 18.

Unlimited Aspirations Amid Limited Resources Creating Tragic Outlook

(American Association for the Advancement of Science)

"Freedom to breed," says Garret Hardin, professor of biology at the University of California at Santa Barbara, "will bring ruin to all."

Arguing that the population problem has no technical solution, Dr. Hardin writes in "Science" that the only way we can preserve and nurture other and more precious freedoms is by relinquishing the freedom to breed, and doing so very soon.

Considering our world as a "commons" open freely to all for all human activities, Dr. Hardin illustrates an inexorable sequence of events leading to ultimate ruin for all:

Plentiful pasture opens to all; a commonwealth with herdsmen trying to keep as many cattle as can subsist on it; a sufficiently large commons and a relatively low population density, this kind of arrangement may work reasonably well for centuries.

Poaching, tribal wars, disease keep the numbers of animals and men well below the capacity the commons can sustain.

Finally comes the day of reckoning at the very stage when the long-desired human goal of social stability becomes a reality. As each herdsman

seeks to maximize his gains, each adds another animal to his herd, and another, and still another.

Since each of those sharing the commons tries to maximize his share in this way, each becomes locked into a system that compels him to try to increase his herd without limit—in a commons that is limited to the ultimate ruin of all.

So it is with the population problems, Dr. Hardin says. In more explicit and carefully reasoned arguments, he cites other examples—exploitation of the oceans, unlimited access to national parks, pollution of fresh water lakes and streams, and the atmosphere.

At the moment, to avoid hard decisions, many are tempted, says Professor Hardin, to propose that for conscience and responsible parenthood.

The temptation must be resisted, he says, because "an irresponsible act of conscience results in the disappearance of all conscience in the long run."

TEACHERS GOT A BIT MORE, LOST RESPECT TO THE EDITOR:

Now that the school strike is finally settled, everyone is happy that the job of educating our children can begin.

However, I think before the matter is laid to rest we should examine the gains and losses made by the teachers in this dispute with the school board.

According to newspaper reports the teachers settled for \$300 more this year than they were offered the year before.

On the minus side, there was only one less—than in the second year as originally offered.

They gained a voice in curriculum development, union control over teachers in summer school, and a slight increase in summer school salary.

Officials at Lovejoy Monument Ceremonies

The results of thousands of hours of volunteer work in improving a neighborhood will be capped with dedication ceremonies at the Elijah Parish Lovejoy Monument at 5:30 p.m. today in the Alton cemetery.

Gov. Richard B. Ogilvie, U.S. Sen. Ralph T. Smith, Lt. Gov. Paul Simon and St. Louis Mayor A. J. Cervantes are among those who are to participate.

Pride, Inc., Alton area beautification organization, is spotlighting the efforts of industry, organizations and individuals who have carried out several beautification projects in the 16 blocks surrounding the monument. The improvements include building of a neighborhood park, planting of trees, erection of a shelter, improvement of streets, renovation of homes and beautification of public property along the streets.

The state, at the request of Pride, has completed a \$26,000 restoration on the monument, including installation of an ornamental iron railing around the monument area and lights to illuminate the columns at night.

The monument was built and completed in 1897 by the state in cooperation with citizens of Alton to commemorate the memory of Lovejoy, who was killed by a mob in 1837 while defending his printing press. His strong stand on abolition of slavery was the cause of turmoil in the city. He has been hailed as the first martyr to freedom of the press in America to give his life.

American Motors Hornet On Display Here Today

The Hornet makes its public debut today across the country and at Brewer Motor Co., 2163 Madison avenue.

J. E. Brewer, local dealer, said, "The Hornet will meet the demands of the compact market of the 1970's. This line of cars is capable of having strong appeal to those who place a high premium on sportiness and performance. On the other hand, it satisfies the needs of those who look for safe, efficient, economical transportation along with roominess, easy maintenance and attractive styling."

All 1970 American Motors cars have an anti-theft lockable steering column and a new twin ball joint front suspension. The suspension improves turning stability. It also reduces effort with manual steering and minimizes nose-down tendency when braking.

Air conditioning continues to be standard in all Ambassador models, which feature new rear styling.

The high performance, AMX now has a 220 horsepower, 360 cubic-inch-displacement as the basic engine with a 330-CID optional. Its hood is slightly longer.

The intermediate-sized Rebel and the sporty Javelin, retain their same basic body configuration, but are slightly longer.

Wins Promotion; Meets Wife in Hawaii

Army Sgt. Ronald C. Fisher, a member of the First Air Cavalry Division (Airmobile) serving in the Saigon area, Vietnam, was joined this week in Honolulu, Hawaii, by his wife, the former Miss Nina Webb of Granite City.

The couple is spending seven days together before the serviceman returns to Vietnam for additional three months of duty. Mrs. Fisher is employed in the Granite City offices of Prudential Insurance Co.

The local soldier arrived in Vietnam last January and was promoted to the rank of sergeant earlier this month. He attended Granite City high school and entered the service on Aug. 16, 1968.

Sgt. Fisher, 21, is the son of Mr. and Mrs. Clyde F. Fisher, 1529 Johnson road.

Veterans Day Program, Dance Planned by Elks

Elks Lodge 1063 will conduct a community Veterans Day program to be followed by a street dance on Niedringhaus avenue in front of the lodge building on the evening of Nov. 11.

Permission for the program and dance was given by Granite City council members Monday night, with Niedringhaus avenue to be blocked off between Edison avenue and State street, starting at 6 p.m.

Robert L. Hendrickson, Americanism chairman for the lodge, said a prominent speaker is to deliver an address, and there will be a short program in front of the lodge before the dance.

The purpose, he explained, is to stimulate a greater feeling of patriotism here and to show community gratitude to all veterans of the area.

Also approved by the council was a police escort for a motorcade to be staged the

Composer-Pianist Roque Dioneda's Records Due Soon

A versatile and talented young pianist, Roque Dioneda, has brought to the Quad-Cities and metropolitan area four original music compositions, recently recorded, that would please almost any age.

He has formed his own recording company and recorded the songs under the Rodon label. They will be available to the public in local stores beginning Monday, Sept. 29.

The two instrumental selections, "Midstream" and "Prelude To A Dream," and the other two feature members Jo Plummer, a St. Louis vocalist. These two compositions are "As You Walk Away" and "I Like The Way I Feel With You." Lyrics for these songs were written by Mrs. Donna Dioneda, the musician's sister-in-law.

It is speculated these records will hit the top ten in the nation in the months to come through distribution to area radio and television stations.

Brother of Local Doctor
Roque Dioneda, a slim dark young man in his early 20s, is the brother of Dr. Frank Dione-da and makes his home with the Dione-das at 2507 Cleveland blvd. He is noted as one of the outstanding and talented jazz pianists that has performed in this area.

Arriving in this country just five years ago, he is making strides toward a complete career in the musical field.

Born in the Philippines, Roque Dione-da studied at the University of St. Thomas Conservatory of Music, majoring in piano. He was staff pianist for Chronicle Broadcasting Network in Manila, where he also arranged and recorded.

He has traveled extensively in the Far East and was the pianist and arranger for the Harbor View Club in Okinawa. While there, he did arrangements for the USO. The young musician has been accompanist for such name entertainers as Johnny Ray, Helen O'Connell and worked with Tony Scott, the well known jazz clarinetist.

Music School Graduate
Wanting to further his musical education, Dione-da came to the United States and graduated this past spring from the Berklee School of Music in Boston, majoring in composition. He has also taken special courses in writing musical scores for motion pictures and television.

While in Boston, he did arranging for Barbara McVie, who recently appeared here at the St. Louis Municipal Opera, and performed at the War Memorial auditorium with the Brookline Symphony.

Dione-da and his sister-in-law,

ROQUE DIONE-DA

MRS. DONNA DIONE-DA

JO PLUMMER

Mrs. Donna Dione-da, have just finished another song to be recorded in the near future as their second attempt to hit the top recording field.

The new number is a song of a little boy and his problems. The lyrics cannot be completely divulged prior to the release of the record.

Performs Locally

Dione-da is appearing nightly at the Bulls and Bear restaurant and cocktail lounge in St. Louis where he has amassed a large following for the short time he has been there. Sunday nights he performs at the Rose Bowl restaurant, for the entertainment of his Granite City following.

Mrs. Dione-da, a registered nurse and mother of four young boys, is most enthusiastic about

local doctors at Fourth and Chestnut streets. She is also a licensed pilot, an ardent golfer and a registered nurse.

Along with her many book-ings in St. Louis, Miss Plummer, has had singing engagements in Japan and Hawaii, plus a tour of the Playboy Club circuit during May of this year. She has appeared on several network television shows and has a recorded album of her own.

She starred with David Jansen, Jeff Hunter and Vic Damone in the movie, "Hail to Eternity," which recently had a re-run on a local television station.

A New Career

Mrs. Dione-da, a registered nurse and mother of four young boys, is most enthusiastic about

entering into a new field of accomplishment. She said, "I am very excited about the records and my part in writing the lyrics and I'm sure most people will feel the same way after they have heard Roque play."

The 45-rpm stereo records are to be distributed to the Rose Bowl restaurant, Michel Jewellery store and the Bulls and Bears restaurant for the cost of \$1 for the initial offering. Included will be a brochure with pictures and backgrounds of the artists.

The records are now being sent to Writ, the Wood River radio station, and will soon be heard on the Jack Buck radio show at 9:15 a.m. on Kmox.

In the future, Dione-da has tentatively scheduled a trip to Las Vegas after promoting his records in the local area.

Illinois State Students Assisted During Strike

If students at Illinois State University had any comments in residence hall dining centers, about the food they were served they didn't have far to go to voice them.

In many cases, a student's roommate was one of those preparing the food.

With the strike of service employees at Illinois State last week, the students took over most of the functions of cooking and serving, winning the dishes, and even cleaning the residence halls and other buildings themselves.

With supervisory personnel coordinating the operation, student employees did much of the actual work of preparing some 22,000 meals a day for the 7,000 students who live in campus residence halls. Other students had the jobs of washing about 100,000 utensils and dishes used each day in the dining operation.

Serving employees included cooks, kitchen workers and janitors. To fill the gap and keep the university operating at full capacity, student employees did the jobs left vacant by the striking civil service personnel.

While the university employs about 800 students in food service operations anyway, and others to help in janitorial and other work, scores of other students volunteered to help where they could.

One physical plant administrator said so many students volunteered, "we couldn't begin to use them all. And we didn't like to dampen their enthusiasm because they wanted so much to help out."

The food operation went along as usual, despite the strike. Balanced meals were served three times a day and students appeared to be well satisfied.

Not all students, of course, hoped to the university's aid so enthusiastically. Members of Students for a Democratic Society (SDS), which counts about 30 members among the 14,700 student body at ISU, walked picket lines with union personnel.

Cub Leader Planning

Session This Evening

Local cub scout leaders will meet tonight at 7:30 at the home of Mrs. Pat Foote, 112 Graniteville street, Venice, to plan a "round-table" meeting Tuesday, Oct. 14, at 7:30 p.m. at the Mitchell parish hall near Route 203 north of Interstate 270. Bobby Cathey is cub roundtable commissioner.

"Folklore" will be the November theme, and those interested in aiding the scout program are urged to attend the October or November roundtable. Additional information is available from Bill Trehan at the Boy Scout Service Center, 1338a Niedringhaus avenue, 876-0886.

Brain Research Week Set for Oct. 12-18

The week of Oct. 12 to 18 has been proclaimed "Brain Research Week" in Illinois by Gov. Richard B. Ogilvie at the request of the Illinois Federation of Women's Clubs. The announcement was made at a recent two-day IFWC State Board meeting, at the Sherman House, Chicago, by Mrs. P. E. Ashwood of Moline, IFWC president, and Mrs. Harold Perlmutter of Rock Island, IFWC health division chairman.

Mrs. Roger Simms of Gibson City, IFWC junior director, reported that the entire IFWC membership—about 1000 local clubs—will participate in special brain research observances during that week.

Local clubs and presidents slated to take part in the program are the Ladams Coterie, Mrs. David John, president; Lesche Literary Club, Mrs. R. G. Kleinschmidt; Bay View Reading Club, Mrs. Lloyd Davidson; Nameoki Woman's Club, Mrs. Russell Johnson; and Minerva Woman's Club, Mrs. Louis Bruester.

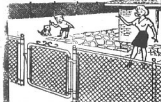

Mrs. Ashwood reported that the IFWC has had a long-standing interest in brain research and has chosen to sponsor the special week to help the public better understand the importance of such research for the advancement of society and the prevention and cure of brain and nervous system diseases which cause vast amounts of disability, dependency, delinquency, economic loss and family heartbreak.

The IFWC has been supporting the work of the Brain Research Foundation since soon after its founding in 1963. The Foundation, an Illinois not-for-profit corporation, is an affiliate of the University of Chicago, and together with the university currently is working for the creation of an \$8 million Brain Research Institute, to be erected in the scientific and medical care center on the university's Midway campus in Chicago.

IFWC member clubs have already contributed over \$180,000 for direct grants for current research, including \$75,000 earmarked for the new Institute building, it was reported.

Day Care Center In Operation at SIU-SW Campus

Staff members have been named for the SIU-SW campus Day Care Center, operated by a group of students at the university known as the Late Starters Club.

The center is located in the Lewis road and will be managed by Mary Herndon and Mrs. Ed Soliday of Wood River as teachers and Mrs. Kathryn Peeler of Grafton as business manager.

Chairman of the Day Care Center Board, Mrs. Charles McAlister of Edwardsville, said the Center began operations today.

The University is providing the space and the Day Care Center Board is staffing and running the program. "We'll be emphasizing concept learning, rather than just a play program," Mrs. McAlister said.

The Late Starters Club is an organization of SIU-SW students who have returned to school after some time lapse in their education. Other officers of the Center's board are Jean Cates, Donna Sloan, Dolores Dannerberg and Ed Shute, all students.

The Center is for pre-school youngsters between three and five years of age. There are still openings for the afternoon session. A full student body of 25 has been registered in the morning program.

'Blue' to Play at 'Y' Dance Saturday Night

The Tri-City Area YMCA Teen Town will feature "Blue" at its weekly dance Saturday night, it was announced today by Charles Hasse, youth director.

The group appeared at a "Y" dance on Labor Day and attracted nearly 500 teenagers. The dance will be held in the gym from 8:30 to 11:30 p.m.

"Arrow Memphis" is scheduled for the following Saturday, Oct. 4, with "The Guild" booked for Oct. 11. Advance tickets for "The Guild" dance are now available at the YMCA.

County Studies Proposal to Buy Site for New Jail

A proposal to obtain three buildings in the Edwardsville business district at a cost of \$160,000 as a site for a new county jail is being considered this week by the new buildings committee of the Madison county board of supervisors.

The buildings, adjacent to the old county jail, would be razed. The county board has been considering recommendations to erect a new jail which would cost more than \$1.7 million and accommodate 157 prisoners, about twice the current capacity.

The offer was made by an Edwardsville real estate agent after the new buildings committee took note of a report by the grand jury pointing to an urgent need for a new, modern, humane and secure jail.

The site, which contains a drug store and variety store, an auto agency and a pool hall, is close to the courthouse and would facilitate the transfer of prisoners to court.

A study of building needs completed in 1966 by the Southwestern Illinois Metropolitan Area Plan Commission placed a new jail at the top of a list of priorities of county building needs.

A county administrative building to cost \$2.3 million, was placed second on the list.

The committee planned to employ two real estate men to appraise the buildings this week. A report and recommendations then would be made to the full county board at its Oct. 15 meeting.

Private Elizabeth A. Neeley, whose parents, Mr. and Mrs. Bluford J. Neeley, live at 2035 Troy street, Madison, recently was promoted to Private E-2 upon completion of basic training at the Women's Army Center, Fort McClellan, Ala.

The promotion, awarded two months earlier than is customary under the Army policy providing incentives for outstanding trainees, was based on her military bearing, leadership potential and scores attained during the training.

GC School Principals Elect New Officers

Donald Kopp, principal of Nameoki grade school, was named president of the Granite City Principals Association, a professional organization formed two years ago, it was announced today.

Kopp, who served as vice-president the past two years, succeeds in office, Leo Reid, Frohardt principal. Other officers are Charles Weiss, vice-president, Grigsby junior high school, and Mrs. Agnes Fryntzko, secretary-treasurer, Parkview grade school principal.

The new president noted that the professional organization is not affiliated with any other organized group or association. Twenty-one of the 22 eligible principals in the local school system's elementary and junior high buildings are members, he said.

The association presented its by-laws and constitution to the Granite City board of education two years ago and was formally recognized by the board, the president reported.

Purposes of the association, Kopp explained, are to provide better communication between the school administrators board office and the building principals and between the principals themselves.

Other objectives include offering constructive suggestions to the superintendent of schools; assisting the superintendent to carry out the district's policies; to arrive at a group decision on problems rather than each principal making a separate decision; and to meet with the district's administrative personnel and help determine solutions to questions on the operation of the buildings in the Granite City district.

"We are not a pressure group," Kopp asserted. "Our sole function is to offer any assistance we can to the school administration." Monthly meetings provide a forum, where principals can discuss common problems, he added.

BARRACUDA line for 1970 offers three series of cars with varying performance potential and a list of options. The Barracuda and the other new Plymouths are now on display at Elledge Motor Co., 19th street and Grand avenue, and at Maddox Motors, Inc., 4100 Nameoki road.

'70 Plymouths on Display At Two Local Agencies

The new Plymouths for 1970 are in the show rooms of Elledge Motor Co., 19th street and Grand avenue, and Maddox Motors, Inc., 4100 Nameoki road.

Sales manager of Elledge Motor Co., Harold Matson de-

scribed the 1970 Barracuda as, "totally different front to rear, from the roof to the tires."

"Its list of optional personalizing equipment include engines through to a 440-six-barrel or the 468 street hemi."

Fury, the big-Plymouth, presents a restyled front and rear. Rear speakers are offered for the first time for the station wagon series.

The intermediate sized Plymouths have new grilles, hoods, fenders, with a changed rear end, and body side appearance is changed from the belt-line down.

The compact Valiant retains its basic shape with trim, grille and tail light changes. A racy-styled Duster series has been added and includes a new high performance model.

On all Plymouth turn signal and stop lights are much brighter and side markers have lights in addition to reflectors. Lane-change signals are activated by slight finger pressure, and a full-circle horn switch which is activated by squeezing a soft rim on the inside of the steering wheel is available.

Changes have been made to fuel tanks to help prevent gasoline spillage in case of a collision.

Marriage Licenses

A marriage license has been issued in St. Louis to George E. Strubberg of Granite City and Helen A. Norris of St. Louis; and in St. Louis county a license was issued to Thad Harwell and Mrs. Clementine Parker, both of Madison.

How To Hold FALSE TEETH

Firmer Longer

Do your false teeth annoy and embarrass you by coming loose and dropping whenever you eat, talk, drink, or exercise? FASTEETH hold dentures firmer longer—hold them more comfortably, too. Makes eating easier. FASTEETH is alkaline. Won't sour. No gummy, gooey, sticky taste. Dentures that fit are essential to health. See your dentist regularly. GET FASTEETH at all drug counters.

Here's 1970.

1970 Hemi-Cuda.

This year, there are 10 new Barracudas. And we've changed the looks substantially. (We've packed a 426 Hemi-Cuda "Shaker" hood on one of them and called it the Hemi-Cuda.)

However you look at it, our Barracuda is all-new. We've moved it two inches closer to the ground. Pushed the wheels farther apart on our standard torsion-bar suspension. Put a tough optional bumper on the front that comes in most paint colors. And given the interior the design and comfort of a jet cockpit. If you want a car that makes it... Plymouth makes it.

1970 Sport Fury Brougham.

Here's our luxury model. One of 28 Fury models with a new wide stance. It's big enough inside to carry six adults in comfort. It's plush. But the price is still Plymouth. With a front seat that has individual adjustments for the driver and passenger, center armrests, and a reclining back on the passenger's side. Of course, the carpeting is thick, the headlights are hidden, and the price is still Plymouth.

Whether you like your luxury in small packages, or as big as a 1970 Sport Fury... Plymouth makes it.

An Open Letter To the General Public (Warning)

"YOU MAY BE BREAKING THE LAW"

Persistent reports have been reaching us that a number of innocent people are literally being "used" by the "FAST BUCK" boys and other unscrupulous real estate operators, to help them "BREAK THE LAW" of the State of Illinois. Laws governing the "PRACTICE OF REAL ESTATE."

These good people are being asked, or bribed to act, as agents for the solicitation of the Real Estate Business from other members of the general public. They are promised big rewards such as Cash, Gifts, Prizes and in one case a "FREE TRIP TO FLORIDA." These unlawful, unlicensed agents are called (as one report states), Spotters, Bird Dogs, Tipsters and just plain "SUCKERS."

("WARNING, don't be a 'SUCKER.'") Any unlicensed member of the general public, who accepts any form of remuneration from a licensed real estate operator (for the sale or trade of real estate), is aiding and abetting said operator to be in strict violation of the Real Estate License Laws. Such agents may be subpoenaed as a witness before a Court of Inquiry or Special Agents Investigation, Department of Registration & Education, Springfield, Illinois. Final result — humiliation, embarrassment for the unlicensed agent, possible Revocation of the Real Estate License (and out of business for the real estate operator).

As in any profession there are those who labor long and hard to keep their business clean and honest, and there are those who will stoop to any level to make a "FAST DOLLAR" at the expense of the public.

There is no question that doing business with a "REALTOR" is always the safest policy. A trusted name for more than 50 years.

Are you willing to go as low as \$1939 for a new VW?
We don't sell status.
Just a car. One that gets up to 27 mpg, hardly
uses oil between changes, and goes a long way on
a set of tires.
Of course, the fact that it's practical is no secret.
And everybody is going to know that you're sav-
ing money. But that's the price you pay for a Volks-
wagen.

Card of Thanks 32
We wish to express our sincere thanks to all our many friends and neighbors for their kind expressions of sympathy, gifts, cards, and floral offerings extended at the passing of our beloved husband, father and grandfather HARRY LEFFLER, who died Sept. 25, 1969, at his home, 1833 Delmar Ave., Madison, Ill. Survivors: Mrs. Mary Leffler, Mrs. Roy Leffler, Mr. and Mrs. J. C. Conway, Mr. and Mrs. James Stray, Mr. Jack Selinger and Walter Bergfield, Rev. Roberts, to the pallbearers: Mrs. DOROTHY LEFFLER, Mr. and Mrs. GARY ABERNATHY and GARY ANNE CASSIDAY and SHERY. 25-10-16

Our thanks to the friends and relatives for their kind acts of sympathy, for the beautiful flowers and to the ladies of the Third Baptist and Dorcas classes of First Baptist Church, Madison, Ill., who in the county addressed, where and where you may appear and show cause, if any you have, why said last will and testament should not be admitted to probate as the last will and testament of said Lawrence Rhodes, deceased.

In Memoriam 33
In memory of ETHEL L. FISK, Sept. 25, 1908. Time heal all wounds, they say. And one year has gone by since she went away. I pray for the pain remain in each lonely heart.

Sadly missed by her family: **HERMIE GEORGE WALKER**, who passed away two years ago, Sept. 26, 1967. Nothing can ever take away the love our heart holds dear. For memories live every day.

Sadly missed by: **WILLIAM H. DAUGHTER, MARIE, Sister, GERTRUDE, and FRIENDS**. 31-25

Flow of Drainage Line At Lynch to be Reversed

Award of a cost-plus contract for rebuilding about 300 feet of a storm water drainage line to reverse the flow away from Doherty slough was approved Monday night by Granite City council members. The project was estimated by the engineer to cost \$2000 to \$2500.

Proposals were submitted by A. H. Seebold Co. and G. H. Sternberg Co., and the contract was awarded to Seebold on a recommendation by Engineer Kenneth Kieberger.

The flow of storm water is to be directed away from Doherty slough to a ditch south of Pontoon road that flows to lines emptying into the Nameoki area storm water ditch.

Alderman Boker pointed out the city should inspect the ditch because new homes are being built on the south side of Pontoon road and they would be in the area of the ditch.

Engineer Kieberger was instructed to inspect the area and to call upon the city attorney for assistance should there be any sign of a blockage of a natural flow of drainage. "If that happens," the engineer said, "the entire area would be a lake."

He noted that last week's rains raised the level of Doherty slough again to the danger point should there be any additional heavy downpours.

When Alderman Robertson criticized the cost-plus bid and urged a firm bid, the engineer said the line is about three feet below the ground, and with the water table now at 8 1/2 feet, no difficulties are anticipated.

Boker replied that he had obtained firm bids from contractors for replacement of his collapsed sewer connecting line that is 10 feet underground at the connection.

Robertson questioned the need for protection of the city with a contractors liability insurance policy should any private property be damaged during construction. It could be quite expensive if there is none," he added.

Mayor Partney replied that such insurance is required by the city and copies of the policies should be on file with any contracts in the city clerk's office.

Clerk Pendleton stated that he has several contracts on file, but there are no insurance policies. Mayor Partney said the engineer should make certain the city is protected, and Kieberger agreed to follow on the matter.

"Every contract," the mayor said, "should include such a policy and this should go through the engineer and be filed with the clerk."

A motion for award of the drainage line reversal contract to serve the Lynch, Vesel, Sara avenue area was made by Daves.

When he was asked where the city would be able to obtain the funds, Daves answered that thousands of dollars already have been spent to pump water out of Doherty slough, and the new line would ease this condition. Pumping was resumed last week by the Levee District.

Another Crossing Guard Debate

Council Approves \$89,504 Disbursements

Expenditures of \$89,504, including a \$81,349 payroll for the last half of September, were approved Monday night by Granite City council members, who also took up school crossing guards and other personnel problems.

The total disbursements also included a \$27,226 bill list and \$929 sick leave payments for the first half of September. Major items on the bill list were \$15,040 for refuse and garbage removal during September by Milan Corp., \$894 paid to Research Planning & Design Associates for engineering and \$719 paid to O. B. Avery Co. for pumps and hose for sewer breaks.

In addition to the bills, the council also authorized purchase of another pump from O. B. Avery Co. to be on standby for sewer breaks, and payment of a \$2500 judgment to Jeffrey Pulley, son of Mrs. Katherine Pulley, for injuries in a bicycle mishap. The legal fee for handling the case for the city was \$300 to be paid to Norman H. Kinder Jr.

Guards Physical Exams No action was taken on a letter dated Monday from the Bond Men, Inc., stating it would cancel its insurance program for school crossing guards, if the city should persist in employing a guard who does not meet physical standards set by the firm.

Mayor Partney pointed out the firm's insistence for an endorsement to include crossing guards would require the city to obtain a separate workmen's compensation policy for them. "This could prove costly," he added.

While accusations of "playing politics" flared again, the council decided to seek bids for insurance from other firms that might not be so exacting on physical requirements.

It was noted the present insurance firm requires physical examinations each year for employees termed as part-time.

Alderman Vs. Chief In the discussion over reports by several doctors on physical and eye examinations for the guards, Alderman Partney remarked heatedly to Police Chief Veizer: "Quit dilly-dallying around with the guards and stop playing politics. Get out the physical examination reports and show them to us."

Veizer retorted that he was not playing politics, and added, "If the council doesn't want the police department to handle the crossing guards, then you should turn them over to some other department. I don't always want to bear the brunt of this."

The chief was questioned about the physical examination reports, and it was explained the guards were sent to one of the five physicians listed by

the insurance firm and the decisions were made by the company based on those reports and not on any a guard might obtain from his own physician.

Alderman Whitman, former chairman of the Police committee, advised council members that he knew of no one playing politics in hiring school crossing guards. "If there were politics, all of them would have been gone by now."

Previous cancellations of city insurance policies by firms who found the city failed to comply with certain stipulations was pointed out by Alderman Rutledge, who said that with each cancellation, the policies became more expensive. "I'd drop this whole thing right now for the good of the children crossing streets," he added.

Alderman Green commented that the insurance company could pinpoint any employee for discharge, and he did not believe that was advisable. "How about the mayor checking with another insurance firm?"

Mayor Partney replied he had many other city problems, such as sewer breaks, to cope with, before he would permit Green to name himself and two other aldermen to a committee to carry out such a study.

Green then asked for the comptroller to confer with at least one other insurance firm and report to the council. The motion was approved.

Pay for five street department employees who worked an extra eight hours in one week on sewer break pumping operations was authorized at straight time. The recommendation was made by Street Supt. Warfield, who said that he had been advised by union business agents that overtime pay was not required because of a change in shifts.

In other action, the council adopted a resolution authorizing the inclusion of Mrs. Isabelle Crenovich, an employee in the comptroller's office, in the Illinois Municipal Retirement program.

America's only
all-new 1970 car is here!
NEW DODGE CHALLENGER
See it this week!

1970 Dodge Challenger R/T 2-door hardtop. If you want all the "news" for '70...you could be DODGE MATERIAL.

'70 MONACO • '70 CHARGER • '70 CHALLENGER • '70 DART • '70 CORONET

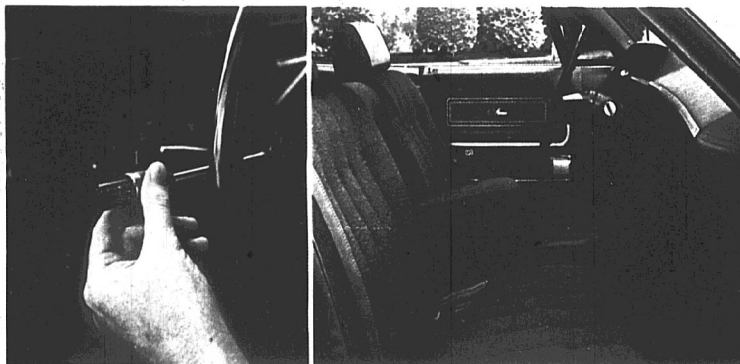

The all-new 1970 Dodge Monaco. Or...a luxury car is not measured by price alone.

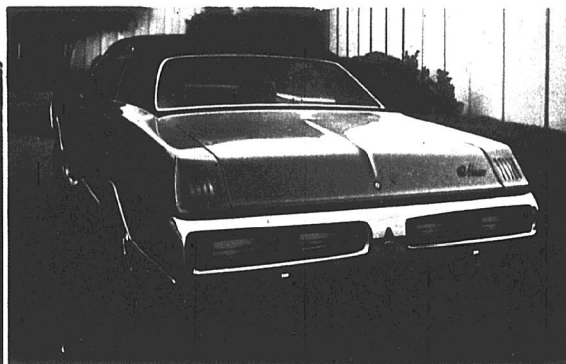

How can you improve on a suspension that experts have said offered "best handling and roadability in the business"? Let the new 1970 Dodge Monaco show you. Take the engine, the supple torsion bars, the steering gear. Mount them on a massive frame. Isolate them from the Unibody with special rubber mounts in eight critical areas. The result, Dodge's new Torsion-Quiet Ride. A body that

floats on its undercarriage. Torsion-Quiet. A new concept in silence. Without losing the torsion-taut roadability that Dodge made famous. All this waits in a new body that is actually roomier than two of America's most expensive luxury cars. Lavish interiors accented with simulated walnut, punctuated with silence. If you demand one quiet hour a day... you could be **DODGE MATERIAL.**

Dodge offers automatic speed control with a memory! (Optional.)

A wider stance contributes to Monaco's superior new ride and control.

1970 Dodge Charger. Stands out with the "in" crowd.

This one will turn heads wherever it goes. It's that kind of car. The kind of car you buy when you're ready for a sharp-looking sports type with a little more room. A car with a continental-type front bumper that encompasses the grille. Hidden headlights. Rallye instrument panel. Rallye Suspension. Racing gas cap. Bucket seats, or bench. Charger offers both. Either way, it gives you an awful lot of car for

a surprisingly low price. And for a few bucks more, you can have the Charger R/T—a high-performance version of a very special car. R/T comes with a 440-cu.-in. Magnum V8, TorqueFlite automatic transmission, a heavy-duty R/T Rallye Suspension, dual exhausts plus many other performance items. If you're waiting for an invitation . . . this is it. Drop in. Shape out. Stand out. 1970 Dodge Charger.

Warning, sports compacts...there's a brand-new Challenger in town.

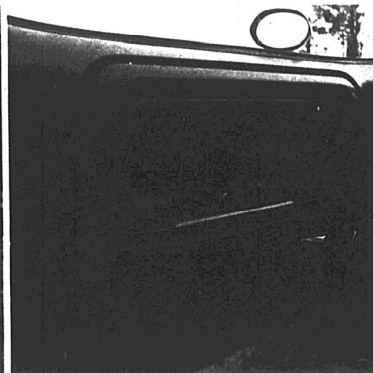

WIDER STANCE

Enter Challenger, an all-new car . . . with a wider stance for greater stability and security on the road. More car between the wheels means you can carve corners with exacting precision and sureness. It's a brand-new ball game, sports car lovers.

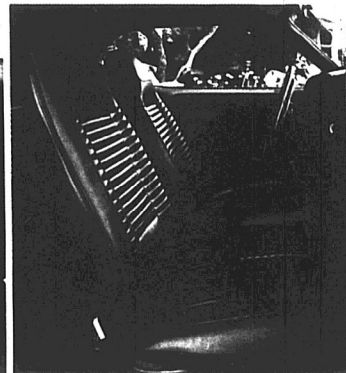

MORE DOOR

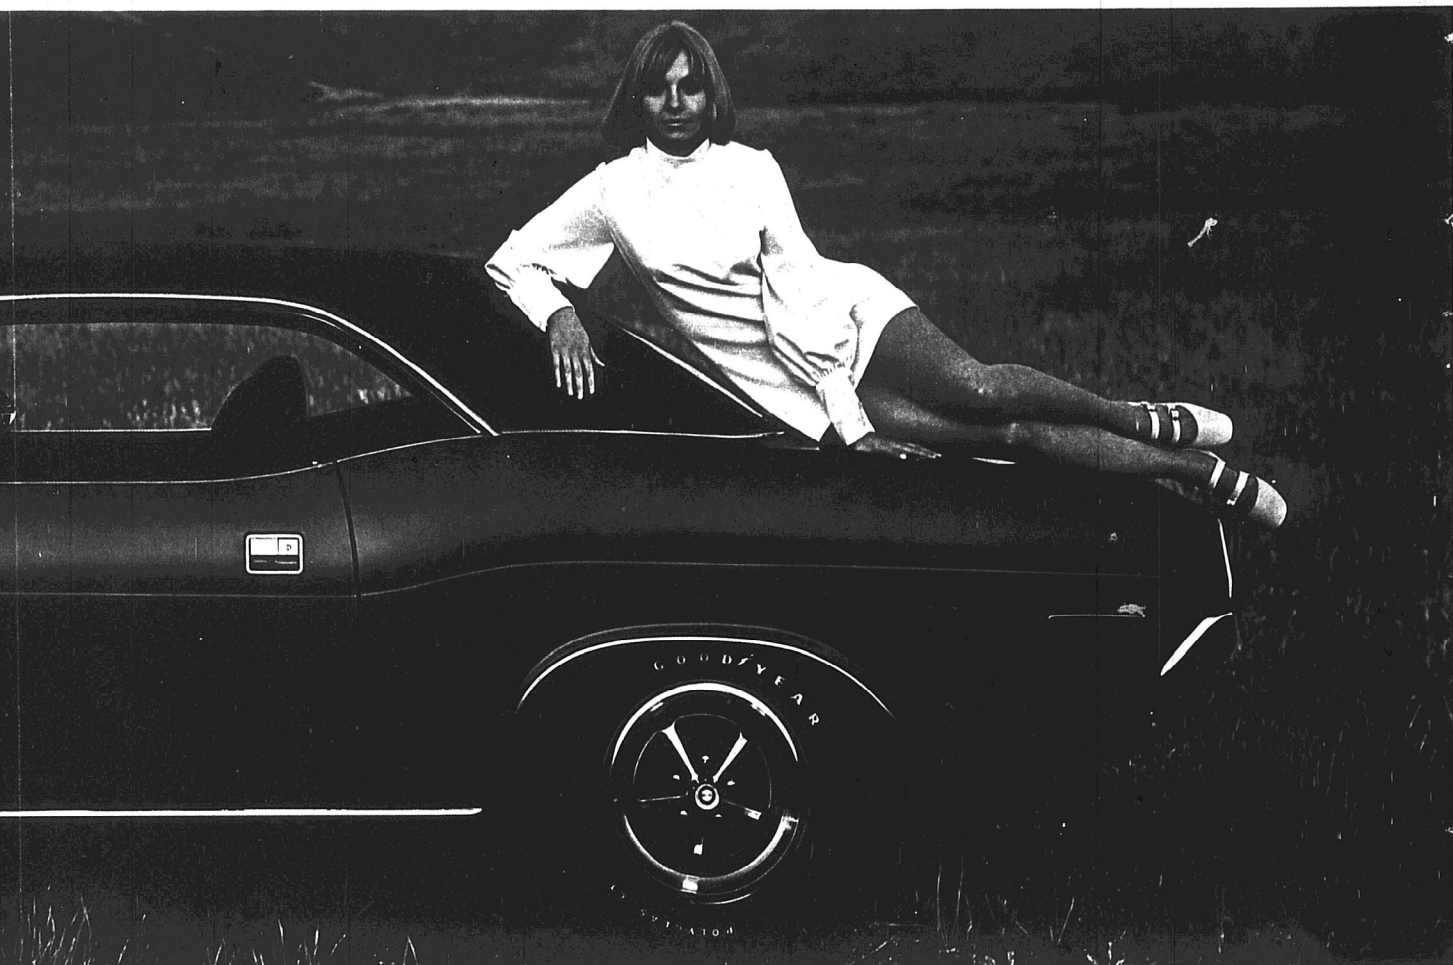

Thicker—with side-impact protection. Deeply moulded and indented, too. Door handles, inside and out, are flush. Nice, don't you think?

NEAT SEATS

Bucket seats with integral head restraints. Foam-padded. Finished in leather and vinyl. (SE models.)

You'll go plum crazy over this new Challenger color. It's "Plum Crazy."

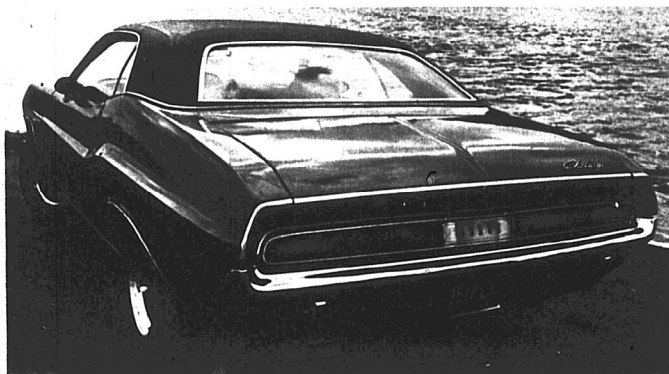

Here it comes, the only new entry in the sports compact field. Gripping the road with a stance that says solid. Engine choices that run from a thrifty Six up to the incomparable 426 Hemi. Nine models in all, priced to compete with the pony cars. Challenger is here. And it will change the world you drive in, for good.

MORE MILLS

Nine in all. Run your finger down the list of engines. Stop when you get to your kind of "Go."

MORE TOPS...MORE MODELS

Three tops available. Standard (shown), a Special Edition (SE) with vinyl-covered formal roof hardtop, and convertible. All nine models feature concealed wipers, locking steering-wheel column, deep-pile carpeting, dual headlights, and more.

1970 Dart Swinger. For the man going compact... a going compact.

Here comes Dodge Dart. Swinging into the 'seventies. Still America's man-sized compact. And this year, Dart's got even more going for it. A new look. A longer hood to house new, larger engines. A thrifty new 198-cu.-in. Six or a snappy 318-cu.-in. V8 on most models. But best of all

... Dart's still what it started out to be. A comfort-filled compact. Room for six. Nimble handling. Easy to own. Yes, and even with all its improvements, Dart's price stays beautifully within your budget. If you won't take small for an answer ... you could be **DODGE MATERIAL.**

This Dart Swinger color is "Banana," 'cause it stands out from the bunch.

1970 Dodge Coronet. It still believes a low priced car ought to be low priced.

A good low-priced car is hard to find. A roomy (six-adult-capacity), low-priced car is even harder. Enter the 1970 Dodge Coronet. Very big for its price. Choice of 17 lively models, running all the way up to the sporty bucket-seated 500, shown above. Besides all-new looks you can be proud

of, the Dodge Coronet 500 has an all-vinyl interior, carpeting, three-spoke steering wheel, a 318 V8, and more than 20 reassuring safety features. And all for a price that will drive you right out of the high-rent district. 1970 Dodge Coronet—a brand-new, good-old, low-priced car.
